

CASE STUDY (COPD) – NURSING PROCESS CARE PLAN SCENARIO

D.Z., a 65-year-old man, is admitted to your medical floor for exacerbation of chronic obstructive pulmonary disease (COPD). He has a past medical history of hypertension, which has been well controlled by enalapril (Vasotec) for the past 6 years. He has had an episode of pneumonia yearly for the past 3 years, and has been a 1-pack-a-day smoker for 38 years. He appears as a cachectic man who is experiencing difficulty breathing at rest. He reports having a productive cough of thick yellow-green sputum. D.Z. seems irritable and anxious. He reports sleeping poorly and feeling tired most of the time. Vital Signs: BP 152/84, HR 124, RR 42, T 100.4F SaO₂ 88%

D.Z.'s wife approaches you in the hallway and says, "I don't know what to do. My husband used to be so active before he retired 6 months ago. Since then he's lost 35 pounds. He is afraid to take a bath, and it takes him hours to dress—that's if he gets dressed at all. He has gone downhill so fast that it scares me. He's afraid to do anything for himself. He wants me in the room with him all the time, but if I try to talk with him, he snarls and does things to irritate me. I just don't know what to do."

The Vaccine Court Wayne Rohde,2014-11-11 A hard look at the National Vaccine Injury Compensation Program and the families desperately trying to navigate their way through it The Vaccine Court looks at the mysterious and often unknown world of the National Vaccine Injury Compensation Program NVICP the only recourse for seeking compensation for those who have been injured by a vaccine The NVICP better known as the Vaccine Court however is not

without controversy Established by Congress as a direct result of the passage of the National Childhood Vaccine Injury Act of 1986 the NVICP was supposed to offer a no fault alternative to the traditional injury claims filed in state or federal courts and was to provide quick efficient and fair compensation for those who have been injured by vaccines The reality however is that many cases take several years or longer to complete and require tremendous commitment from families already pushed to the brink of bankruptcy caring for the vaccine injured family member only to discover that the end result is manipulated by the government in defense of the US vaccine policy Mr Rohde looks into the inner workings of the US Federal Claims Court and the NVICP He interviews families who have filed petitions and won compensation families who have been denied compensation and families still waiting for a decision By highlighting the journeys of these families their efforts to find attorneys willing to represent them the filing of their petitions and the subsequent mountain of paperwork medical records and other documents that span years Mr Rohde exposes the bitter truth behind the NVICP Through his thoughtful interviews and fact finding research The Vaccine Court sheds light on how the NVICP has evolved into something far more treacherous than what Congress envisioned with the National Childhood Vaccine Injury Act in 1986
