

The Cold War Heats Up

1. As you read the passage, fill in the information you discover about the Soviet-American agreement below.

	What the Soviets Wanted	What the Americans Wanted
1. Would it make any sense to build space programs and rockets?	That U.S. support them economically (training, fuel, etc.)	None
2. Would anyone benefit from the rockets and satellites they could build?	They would surely produce satellites that were better. They could improve delivery of aid.	They were worried about the loss of U.S. technology when John F. Kennedy became president. They planned to use the rocket to deliver Chinese missiles.
3. Would anyone disagree with this?	Not Eisenhower.	Others might be worried about our independence and the possibility
4. Would the two nations agree about doing business together?	Yes. The governments had no religious, ethnic or ideological conflicts.	Yes. American people were surprised we could not take a deal without the Soviets.

2. What do you think is going on in the following sentences?

They (the U.S.) had no real choice.

It was not like the Russians were really serious.

It was obvious. The government was not really going to build

the space program. They were just trying to get things said.
