and weaknesses Part 1 sets forth the context for evidence based service approaches for such clients by describing the nature of these populations relevant policies designed to assist them service delivery systems and culturally competent practice Part 2 addresses specific problem areas common to refugees and immigrants and evaluates a variety of assessment and intervention techniques in each area Using a rigorous evidence based and pancultural approach Miriam Potocky and Mitra Naseh identify best practices at the macro meso and micro levels to meet the pressing needs of uprooted peoples The new edition incorporates the latest research on contemporary social work practice with refugees and immigrants to provide a practical up to date resource for the multitude of issues and interventions for these populations

Contemporary Feminisms in Social Work Practice Sarah Wendt,Nicole Moulding,2016-01-29 Contemporary Feminisms in Social Work Practice explores feminism as core to social work knowledge practice and ethics It demonstrates how gender neutral perspectives and practices obscure gender discourses and power relations It also shows feminist social work practice can transform areas of social work not specifically concerned with gender through its emphasis on relationships and power Within and outside feminism there is a growing assumption that equality has been won and is readily available to all women However women continue to dominate the ranks of the poor in developed and developing countries around the world male perpetrated violence against women and children has not reduced women outnumber men by up to three to one in the diagnosis of common mental health problems and women continue to be severely underrepresented in every realm of power decision making and wealth This worrying context draws attention to the ways gender relations structure most of the problems faced by the women men and children in the day to day worlds in which social work operates Drawing together key contemporary thinking about feminism and its place in social work this international collection looks at both core curriculum areas taught in social work programs and a wide range of practice fields that involve key challenges and opportunities for future feminist social work This book is suitable for all social work students and academics It examines the nuanced nature of power relationships in the everyday and areas such as working with cross cultural communities mental health interpersonal violence and abuse homelessness child protection ageing disability and sexuality

Handbook of Religion and Spirituality in Social Work Practice and Research Sana Loue,2017-06-19 This singular reference explores religion and spirituality as a vital though often misconstrued lens for building better understanding of and empathy with clients A diverse palette of faiths and traditions is compared and contrasted occasionally with secularism focusing on areas of belief that may inspire comfort or trouble clients including health and illness mental illness healing coping forgiveness family inclusion and death From assessment and intervention planning to conducting research these chapters guide professionals in supporting and assisting clients without minimizing or overstating their beliefs In addition the book s progression of ideas takes readers beyond the well known concept of cultural competence to model a larger and more meaningful cultural safety Among the topics included in the Handbook Integrating religion and spirituality into social work practice Cultural humility cultural

safety and beyond new understandings and implications for social work Healing traditions religion spirituality and health Diagnosis religious spiritual experience or mental illness Understandings of dying death and mourning Re building bridges in and with family and community Ethical issues in conducting research on religion and spirituality The Handbook of Religion and Spirituality in Social Work Practice and Research is a richly textured resource for social workers and mental health professionals engaged in clinical practice and or research seeking to gain varied perspectives on how the religion and spirituality of their clients research participants may inform their work
