China in the 21st Century Jeffrey N. Wasserstrom, 2013-05-31 The need to understand this global giant has never been more pressing China is constantly in the news yet conflicting impressions abound Within one generation China has transformed from an impoverished repressive state into an economic and political powerhouse In the fully revised and updated second edition of *China in the 21st Century* What

Everyone Needs to Know China expert Jeffrey Wasserstrom provides cogent answers to the most urgent questions regarding the newest superpower and offers a framework for understanding its meteoric rise Focusing his answers through the historical legacies Western and Japanese imperialism the Mao era and the massacre near Tiananmen Square that largely define China's present day trajectory Wasserstrom introduces readers to the Chinese Communist Party the building boom in Shanghai and the environmental fallout of rapid Chinese industrialization He also explains unique aspects of Chinese culture such as the one child policy and provides insight into how Chinese view Americans Wasserstrom reveals that China today shares many traits with other industrialized nations during their periods of development in particular the United States during its rapid industrialization in the 19th century He provides guidance on the ways we can expect China to act in the future vis vis the United States Russia India and its East Asian neighbors The second edition has also been updated to take into account changes China has seen in just the past two years from the global economic shifts to the recent removal of Chongqing Party Secretary Bo Xilai from power Concise and insightful China in the 21st Century provides an excellent introduction to this significant global power

*Chinese Characters* Angilee Shah, Jeffrey N. Wasserstrom, 2012-09-28 An artist paints landscapes of faraway places that she cannot identify in order to find her place in the global economy A migrant worker sorts recyclables and thinks deeply about the soul of his country while a Taoist mystic struggles to keep his traditions alive An entrepreneur capitalizes on a growing car culture by trying to convince people not to buy cars And a 90 year old woman remembers how the oldest neighborhoods of her city used to be These are the exciting and saddening humorous and confusing stories of utterly ordinary people who are living through China's extraordinary transformations The immense variety in the lives of these Chinese characters dispels any lingering sense that China has a monolithic population or is just a place where dissidents fight Communist Party loyalists and laborers create goods for millionaires Chinese Characters is a collection as Pankaj Mishra writes in his foreword to herald a new golden age of journalism about a ceaselessly fascinating country Contributors include a Pulitzer Prize winning journalist a Macarthur Fellow the China correspondent to a major Indian newspaper and scholars whose depth of understanding is matched only by the humanity with which they treat their subjects Their stories together create a multi faceted portrait of a country in motion and an introduction to some of the best writing on China today With contributions from Alec Ash James Carter Leslie T Chang Xujun Eberlein Harriet Evans Anna Greenspan Peter Hessler Ian Johnson Ananth Krishnan Christina Larson Michelle Dammon Loyalka James Millward Evan Osnos Jeffrey Prescott Megan Shank
