OECD

Climate Change Mitigation Policy Are We Making Progress:

The Oxford Handbook of Population Ethics Gustaf Arrhenius, Krister Bykvist, Tim Campbell, Elizabeth Finneron-Burns, 2022 Interdisciplinary group of contributors from philosophy political theory and economics Presents philosophical and theoretical analyses that inform thinking on contemporary problems including climate change and health care Book jacket

Accelerating Climate Action Refocusing Policies through a Well-being Lens OECD, 2019-09-20 This report builds on the OECD Well being Framework and applies a new perspective that analyses synergies and trade offs between climate change mitigation and broader goals such as health education jobs as well as wider environmental quality and the resources needed to sustain our livelihoods through time This report takes an explicitly political economy approach to the low emissions transitions needed across five economic sectors electricity heavy industry residential surface transport and agriculture that are responsible for more than 60% of global greenhouse gas emissions *People and Climate Change* Lisa Reyes Mason, Jonathan Rigg, 2019-04-02 Climate change is a profoundly social and political challenge that threatens the well being livelihood and survival of people in communities worldwide Too often those who have contributed least to climate change are the most likely to suffer from its negative consequences and are often excluded from the policy discussions and decisions that affect their lives *People and Climate Change* pays particular attention to the social dimensions of climate change It closely examines people's lived experience climate related injustice and inequity why some groups are more vulnerable than others and what can be done about it especially through greater community inclusion in policy change The book offers a diverse range of rich community based examples from across the Global North and Global South e.g. sacrificial flood zones in urban Argentina forced relocation of United Houma tribal members in the United States gendered water insecurities in Bangladesh and Australia while posing social and political questions about climate change e.g. what can be done about the unequal consequences of climate change by questioning and transforming social institutions and arrangements It serves as an essential resource for practitioners policymakers and undergraduate graduate level educators of courses in environmental studies social work urban studies planning geography sociology and other disciplines that address matters of climate and environmental change *Handbook of U.S. Environmental Policy* David M. Konisky, 2020-04-24 A comprehensive analysis of diverse areas of scholarly research on U.S. environmental policy and politics this Handbook looks at the key ideas theoretical frameworks empirical findings and methodological approaches to the topic Leading environmental policy scholars emphasize areas of emerging research and opportunities for future enquiry

Decision Making for the Net Zero Transformation: Considerations and New Methodological Approaches Mark Workman, Geoff Darch, Katy Roelich, Adrian Gault, Gireesh Shrimali, 2024-02-01 Special edition compiled in partnership with Frontiers sponsored by the Clean Air Task Force The realisation of Net Zero by 2050 will require the ability for strategy developers operational planners and decision makers to better manage uncertainty complexity and emergence The

application of the orthodox set of decision support tools and processes that have been used to explore deep decarbonisation options to 2050 have blinded decision makers to uncertainty complexity and emergence Tools have often been used which are inappropriate to the types of decisions being made a competency which has been glaringly revealed during the C 19 Pandemic This Frontiers Research Topic will highlight the need for an interdisciplinary mixed methods approach bringing together insights from modelling decision science psychology anthropology and sociology to form a compendium of current best practice for decision making for the net zero transformation and new research frontiers Develop greater awareness amongst policymakers practitioners and academics as to the importance of Understanding the nature of uncertainty when dealing with problems associated with the Net Zero Energy System Transformation Increasing importance of deliberative processes to map different value sets beyond least cost Acknowledging that decision making under uncertainty requires competency based training leading to a full appreciation of the tasks at hand Suggested areas within scope are listed in points 1 12 below Authors are free to choose specific areas of interest and to combine these where useful In general it will be useful to consider practical application of ideas e g development of Use Cases and Decision Making Contexts may be useful e g National Govt establishing its Carbon Budget Institution setting up its investment portfolio understanding of how decisions are being made within different jurisdictions political cultures and types of organizations public private What is the role of Decision Context i e organisational decision making structures cultures the role of zeitgeist and dominant narratives or the relation between academic expertise and policy makers 1 Decision making from an end to end perspective and the need to take a holistic and interdisciplinary perspective Editorial Cover Article 2 Gap between what policy makers and decision makers around net zero climate policy seek to address and what decision support tools can actually do Why that gap is increasing if it is 3 Understanding the nature of uncertainty when applying the relevant decision support tool and processes Not all uncertainty can be addressed within the decision support tool itself Role of optimism bias potential role of least worst regret approaches etc 4 What different decision support tools can inform decision makers around net zero climate policy and need for a basket of tools 5 Why parametric decision support tools and models are pre eminent the role of consolidative modelling and exploratory modelling The inertia of modelling approaches why it is so hard to break modelling paradigms 6 What decision science informs us about how decisions are actually made the importance of process the role of transparency and deliberation with analysis 7 Processes that address the biases identified in decision science and impact of identity politics on deliberative decision making 8 Why decision making under deep uncertainty requires competency based training deep subject matter expertise and systemic knowledge 9 Ministerial and policy making and the decision support requirements US EU UK China 10 The role of narratives and how uncertainty can be communicated to societal audiences Storylines and other narrative approaches 11 How to develop participatory approaches allow multiple values diversity of stakeholders in which climate communication and decision making exists in an iterative exchange with policy We have

started the journey e g the role of climate assemblies what next 12 Decision making under deep climate uncertainty by the financial sector We acknowledge the funding of the manuscripts published in this Research Topic by the Clean Air Task Force We hereby state publicly that the Clean Air Task Force has had no editorial input in articles included in this Research Topic thus ensuring that all aspects of this Research Topic are evaluated objectively unbiased by any specific policy or opinion of the Clean Air Task Force *Cities and Climate Change* OECD,2010-11-29 This book shows how city and metropolitan regional governments working in tandem with national governments can change the way we think about responding to climate change **The proposals for national policy statements on energy** Great Britain: Parliament: House of Commons: Energy and Climate Change Committee,2010-03-23 proposals for national policy statements on Energy Third report of session 2009 10 Vol 2 Oral and written Evidence Research Anthology on Environmental and Societal Impacts of Climate Change Management Association, Information Resources,2021-10-29 Climate change is an issue that has been generating a significant amount of discussion research and debate in recent years Climate change continues to evolve at a rapid rate and continues to have a wide array of effects on everything from temperature to plant life Beyond the negative environmental impacts climate change is also proving to be a detriment to society with increasingly violent natural disasters and human health effects It is essential to stay up to date on the latest in emerging research within this field as it continues to develop The Research Anthology on Environmental and Societal Impacts of Climate Change discusses the varied effects of climate change throughout all areas of life and provides a comprehensive dive into the latest research on key elements of society that are affected by the rapidly increasing climate Change Covering a range of topics including reproduction plants and animals and energy demand it is ideal for environmentalists policymakers environmental engineers scientists disaster and crisis management personnel professionals government officials practitioners upper level students and academics interested in emerging research on the numerous impacts of climate change The Impacts of EPA's Proposed Carbon Regulations on Energy Costs for American Businesses, Rural Communities and Families, and a Legislative Hearing on S. 1324 United States. Congress. Senate. Committee on Environment and Public Works. Subcommittee on Clean Air and Nuclear Safety,2015

Responsible Fruits Project follow-up survey results Food and Agriculture Organization of the United Nations,2024-07-24 The project Building responsible global value chains for the sustainable production and trade of tropical fruits the Responsible Fruits Project supports avocado and pineapple industry actors to strengthen or establish risk based due diligence systems with the aim of making their operations more sustainable and resilient to shocks In 2021 a baseline survey was conducted targeting avocado and pineapple producers packers and their organizations and trade associations collectively referred to as companies in this report for the sake of simplicity In March 2024 a follow up survey was undertaken with 44 avocado or pineapple companies who had actively participated in the Responsible Fruits Project The objectives of the follow up survey were to 1 Update existing information on sustainability challenges faced by avocado and

pineapple companies to understand if these challenges have changed and if any progress has been made on addressing previously identified problems and risks 2 Identify the extent to which project participants have been able to incorporate information and outputs from the project to support their business in a positive way and 3 Find out if project participants are interested in establishing a multistakeholder initiative as a means of moving beyond the project in the future This is the full report on the follow up survey and an analysis of its results A brief summary report is also available

This Captivating Realm of Kindle Books: A Thorough Guide Revealing the Benefits of Kindle Books: A Realm of Convenience and Versatility Kindle books, with their inherent mobility and ease of access, have liberated readers from the constraints of physical books. Gone are the days of carrying cumbersome novels or carefully searching for specific titles in shops. E-book devices, stylish and portable, seamlessly store an extensive library of books, allowing readers to indulge in their preferred reads anytime, anywhere. Whether traveling on a busy train, relaxing on a sun-kissed beach, or just cozying up in bed, Kindle books provide an exceptional level of convenience. A Reading Universe Unfolded: Discovering the Wide Array of Kindle Climate Change Mitigation Policy Are We Making Progress Climate Change Mitigation Policy Are We Making Progress The Kindle Shop, a virtual treasure trove of literary gems, boasts an wide collection of books spanning varied genres, catering to every readers preference and choice. From captivating fiction and thought-provoking non-fiction to timeless classics and contemporary bestsellers, the E-book Shop offers an unparalleled variety of titles to explore. Whether seeking escape through immersive tales of fantasy and exploration, diving into the depths of past narratives, or broadening ones knowledge with insightful works of scientific and philosophy, the Kindle Shop provides a gateway to a bookish universe brimming with limitless possibilities.
