Cleon Skousen, The United States of America has been blessed with the world's greatest political success formula In a little over a century this formula allowed a small segment of the human family less than 6 percent to become the richest nation on earth It allowed them to create more than half of the world's total output in production and enjoy the highest standard of living in the history of the world In this book we learn how the Founding Fathers discovered this success formula Much of this discovery is told in the words of the Founders themselves so that the reader can feel the power of their minds sweeping away thousands of years of bad government and illogical laws to formulate a whole new society based on human freedom By returning to the roots of the Founders thinking and contemplating the logic that they used in establishing the Constitution we can better understand the challenges and solutions that confront us in today's political world This eBook includes the original index illustrations footnotes table of contents and page numbering from the printed format **The Debates of the Constitutional Convention of the State of Maryland, Assembled at the City of Annapolis, Wednesday, April 27, 1791** Maryland. political battles that resulted from the affair reveal much about revolutionary ideals and states rights at a time when notions of the New Republic and philosophies about the unity of American states were being created **The Founders' Second Amendment** Stephen P. Halbrook, 2019-01-15 Stephen P Halbrook's *The Founders Second Amendment* is the first book length account of the origins of the Second Amendment based on the Founders own statements as found in newspapers correspondence debates and resolutions Mr Halbrook investigates the period from 1768 to 1826 from the last years of British rule and the American Revolution through to the adoption of the Constitution and the Bill of Rights and the passing of the Founders generation His book offers the most comprehensive analysis of the arguments behind the drafting and adoption of the Second Amendment and the intentions of the men who created it The debates in the several state conventions, on the adoption of...
