Natural Materials of the Holy Land and the Visual Translation of Place, 500-1500 Renana Bartal,Neta Bodner,Bianca Kuhnel,2017-04-21 Natural Materials of the Holy Land and the Visual Translation of Place 500 1500 focuses on the unique ways that natural materials carry the spirit of place Since early Christianity wood earth water and stone were taken from loca sancta to signify them elsewhere Academic discourse has indiscriminately grouped material tokens from holy places and their containers with architectural and topographical emulations two dimensional images and bodily relics However unlike textual or visual representations natural materials do not describe or interpret the Holy Land they are part of it Tangible and timeless they realize the meaning of their place of origin in new locations What makes earth stones or bottled water transported from holy sites sacred How do they become pars pro toto signifying the whole from which they were taken This book will examine natural media used for translating loca sancta the processes of their sanctification and how although inherently abstract they become charged with meaning It will address their metamorphosis natural or induced how they change the environment to which they are transported their capacity to translate a static and distant site elsewhere the effect of their relocation on users viewers and how their containers and staging are used to communicate their substance

Tourism in Egypt Through the Ages Charlotte Booth,2024-05-30 Let s go on a journey through 5 000 years of tourism in Egypt starting with the pre 2011 economic height back through the Thomas Cook cruises in the nineteenth century to the ancient Egyptians themselves making journeys down the Nile to visit Abydos and Memphis on pilgrimage or to travel for work while tourism itself is a new concept exploring the local and not so local environment is almost hardwired into human

nature And considering the Giza pyramids were a thousand years old at the time of Ramses II there would have been many wonderful things to see This book explores the tourism industry and its development from selling amulets at ancient temples through manufacturing mummies for tourists to buy to adventure trips in the modern day As numbers of visitors increased so did the business of tourism including refreshments accommodation guided tours and souvenirs This book will provide a comprehensive introduction to Egypt and its attraction to tourists from the pharaonic period to the modern day while thousands of years separate us the evidence shows many traveled for the same reasons people do today Sharing the Sacra Glenn Bowman,2012-07-18 Shared sites where members of distinct or factionally opposed religious communities interact or fail to interact is the focus of this volume Chapters based on fieldwork from such diverse sites as India Nepal Sri Lanka China Turkey Morocco Tunisia and Vietnam demonstrate how sharing and tolerance are both more complex and multifaceted than they are often recognized to be By including both historical processes the development of Chinese funerals in late imperial Beijing or the refashioning of memorial commemoration in the wake of the Vietnam war and particular events the visit of Pope John Paul II to shared shrines in Sri Lanka or the Al Qaeda bombing of an ancient Jewish synagogue on the Island of Djerba in Tunisia the volume demonstrates the importance of understanding the wider contexts within which social interactions take place and shows that tolerance and intercommunalism are simultaneously possible and perpetually under threat **The Legacy of Demetrius of Alexandria 189-232 CE** Maged Mikhail,2016-12-01 This is the first full length study of Demetrius of Alexandria 189 232 ce who generated a neglected yet remarkable hagiographic program that secured him a positive legacy throughout the Middle Ages and the modern era Drawing upon Patristic Coptic and Arabic sources spanning a millennium the analysis contextualizes the Demetrian corpus at its various stages of composition and presents the totality of his hagiographic corpus in translation This volume constitutes a definitive study of Demetrius but more broadly it provides a clearly delineated hagiographic program and charts its evolution against a backdrop of political developments and intercommunal interactions This fascinating study is a useful resource for students of Demetrius and the Church in Egypt in this period but also for anyone working on Early Christianity and hagiography more generally
