Corporate Social Responsibility As An International Strategy Contributions To Economics:

Corporate Social Responsibility as an International Strategy Christina Keinert, 2008-03-13 Increased financial performance and employee commitment are among the benefits the CSR model can offer corporations This discussion presents practitioners and scholars with a unique examination of how firms can maximise productivity through the implementation of CSR programs This publication discusses how CSR addresses business concerns of feasibility barriers and drivers of internal and external practice and whether a CSR program is likely to constitute a success or failure

Corporate Social Responsibility Kolja Paetzold, 2010 This book presents the main framework of Corporate Social Responsibility CSR in connection with International Marketing It includes the CSR background such as its history and examples of how organizations implemented can implement the philosophy of CSR into their core business It is also illustrated how companies and organizations can control and measure their social actions Furthermore the advantages and disadvantages of the CSR implementation within an organization were compared This allows the reader to understand which actions are beneficial for the organization and those that are not The potential of CSR is illustrated by several aspects followed by a comparison of the results Greenwashing is of great interest for the everyday person who buys products with the thought of doing something good for example in connection with the environment human rights etc One chapter solely concentrates on this subject demonstrating how people can avoid paying more for a product with false claims thus abusing their good will to care about social aspects Greenwashing is part of this book because it can also be seen as a marketing strategy misleading conscious consumers bluntly called fraud This book demonstrates how CSR can be seen as a marketing tool on an international level through which organizations can increase not only their assets but also their reputation making it more attractive for potential new partners and employees

Research Handbook on International Corporate Social Responsibility Anthony Goerzen, 2023-11-03 Presenting an in depth look at cutting edge research this essential Research Handbook develops the current understanding of corporate social responsibility CSR and its implications on an international scale Including contributions from leading academics highly informed practitioners and non government organizational managers it fully conceptualizes the implementation of CSR practices

Strategic Corporate Social Responsibility Debbie Haski-Leventhal, 2021-10-13 With the changing expectations of consumers employees and regulators being best in the world is no longer enough Businesses are now also expected to be best for the world to be socially and environmentally responsible sustainable and ethical Based on the idea that strategic CSR offers the most holistic and effective approach to corporate social responsibility the author presents the key concepts theories and philosophical approaches to CSR along with the practical tools needed to implement this knowledge in the real world The book is split into three parts the first part provides the theoretical background of CSR the second part examines various CSR approaches and how they can be implemented and the third part discusses measuring and communicating CSR New this edition is also a chapter titled The S

in CSR Social and Global Issues Each chapter contains questions for reflection discussion exercises and case studies from globally recognised brands such as Ben Jerry s Google H M Johnson Johnson Nestl Patagonia Puma Unilever and Whole Foods The book is complemented by chapter specific lecturer PowerPoint slides a draft syllabus and an instructor s manual Suitable reading for students on Corporate Social Responsibility modules

Corporate Social Responsibility: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources,2018-07-06 The decisions a corporation makes affect more than just its stakeholders and can have wide social environmental and economic consequences This facilitates a business environment built around the practical regulations and transparency necessary to ensure ethical and responsible business practice Corporate Social Responsibility Concepts Methodologies Tools and Applications is a vital reference source on the ways in which corporate entities can implement responsible strategies and create synergistic value for both businesses and society Highlighting a range of topics such as company culture organizational diversity and human resource management this multi volume book is ideally designed for business executives managers business professionals human resources managers academicians and researchers interested in the latest advances in organizational development

Principles of Corporate Social Responsibility (CSR) David Katamba,2012-11-30 Principles of Corporate Social Responsibility A guide for students and practicing managers in developing and emerging countries is designed to meet the urgent need for a comprehensive and definitive introduction and teaching text for Corporate Social Responsibility CSR With the aim to become the standard textbook to teach a complete course unit at undergraduate or postgraduate levels this is a book that can be used by practicing managers to understand the practice of CSR equipping them with knowledge and skills of how to integrate CSR into business strategy and operations Edited by a multidisciplinary team of four experts David Katamba Dr Christoph Zipfel David Haag and Dr Charles Tushabomwe Kazooba along with other contributors the book stresses the linkage of CSR and modern business management It starts by defining CSR then shows how to get involved in CSR how to identify CSR opportunities communicating CSR activities to stakeholders and tracking CSR performance Principles of Corporate Social Responsibility A guide for students and practicing managers in developing and emerging countries concludes by giving the reader the practical skills in designing CSR strategies in order to use them for competitiveness as well as tracking performance of CSR programs This is a book that will become essential reading on the topic of CSR for many years to come

Corporate Social Responsibility, Corporate Governance and Business Ethics in Tourism Management Erum Shaikh,Kuldeep Singh,2024-12-06 Drawing on research from around the world this collection of essays explores key challenges solutions and applications of business ethics CSR and corporate governance in the tourism industry

Global Practices of Corporate Social Responsibility Samuel O Idowu,Walter Leal Filho,2008-12-21 Being socially responsible on the part of corporate entities is now no longer an option it is part of their normal business obligations to all their stakeholders regardless of whether these are primary or secondary stakeholders Modern societies around the

world now expect corporate entities of all shapes and forms to be socially responsible in whatever they do the Global Practices of Corporate Social Responsibility is a first attempt at bringing together in one book experts accounts of how corporate entities in twenty independent nations around the world are dealing with the issue of CSR The world today faces diverse social problems These become apparent as one moves from one country to the next interestingly society now expects corporations to help in finding solutions to these problems The problem of global warming affects us all modern corporations can no longer continue to assume that the problem will go away if nothing is done by them We can all make a little difference by our actions

Innovative Economic, Social, and Environmental Practices for Progressing Future Sustainability

Goi, Chai Lee, 2022-05-13 The Sustainable Development Goals are a collection of 17 interlinked global goals designed to be a blueprint to achieve a better and more sustainable future for all Sustainable development is a long term solution to how we plan our indefinite progress in the future and the concept covers a broad scope of environmental social and economic developments Sustainable development is the ideal vision of the future and requires further study and consideration Innovative Economic Social and Environmental Practices for Progressing Future Sustainability explores the current practices in economic social and environmental sustainable development Covering topics such as digital economies community development and equality this reference work is ideal for academicians researchers practitioners policymakers government officials decision makers instructors and students

Corporate Social Responsibility in Europe Samuel O. Idowu, René Schmidpeter, Matthias S. Fifka, 2015-02-12 This book explores the current state of Corporate Social Responsibility CSR in 24 European nations examining the state of the development and practice of CSR and sustainability for organizations in these countries The common denominator for all of the book's 25 chapters is a management perspective rather than an ethical discourse The book therefore represents a comprehensive survey of initiatives and activities in the field of CSR and provides a wealth of complete cases and examples for different approaches to sustainable and responsible management practice The book also reviews the relevant political and governmental guidelines and frameworks for organizations both on a national and a European level Europe has taken a leading role in the promotion and implementation of CSR This book showcases how through CSR enterprises can significantly contribute to achieving the European Union's treaty objectives of sustainable development and a highly competitive social market economy
