

Corporate Responsibility in the Hebrew Bible

Joel S. Kaminsky

Corporate Responsibility In The Hebrew Bible

Ian Kissell

Corporate Responsibility In The Hebrew Bible:

Corporate Responsibility in the Hebrew Bible Joel S. Kaminsky, 1995-06-01 This book explores a variety of biblical texts in order to clarify and better understand the relationship between the individual and the community in ancient Israel. Although much of the argument is focused upon Deuteronomy and the deuteronomistic history, other pentateuchal and prophetic texts are also probed. In particular, certain instances of divine retribution that are corporate in nature are explored, and it is argued that such punishments are quite common and completely understandable of the basic theological ideas that are operative in such cases. The examination turns to other biblical texts that appear to reject the notion of corporate divine retribution, e.g. Ezekiel 18. Here the focus is on whether these texts do in fact reject all forms of corporate divine retribution and how large a shift these texts signal in the biblical understanding of the relationship between the individual and the community. Finally, Kaminsky asserts that certain theological features explored in this study can be used by those scholars who argue that the enlightenment idea of individualism needs to be balanced by a renewed philosophical and theological emphasis on the individual's responsibility to the larger society.

Corporate Responsibility in the Hebrew Bible Joel S. Kaminsky, 1955

Paul and the salvation of the individual [electronic resource] Gary W. Burnett, 2001-01-01 This work suggests that it is possible to maintain that Paul had a lively interest in the salvation of the individual without having to revert to traditional Lutheran interpretations of the text. It focuses on three important texts in Romans.

Jewish Virtue Ethics Geoffrey D. Claussen, Alexander Green, Alan L. Mittleman, 2023-08-01 What is good character? What are the traits of a good person? How should virtues be cultivated? How should vices be avoided? The history of Jewish literature is filled with reflection on questions of character and virtue such as these, reflecting a wide range of contexts and influences. Beginning with the Bible and culminating with twenty-first century feminism and environmentalism, *Jewish Virtue Ethics* explores thirty-five influential Jewish approaches to character and virtue. Virtue ethics has been a burgeoning field of moral inquiry among academic philosophers in the postwar period. Although Jewish ethics has also flourished as an academic and practical field, attention to the role of virtue in Jewish thought has been underdeveloped. This volume seeks to illuminate its centrality not only for readers primarily interested in Jewish ethics but also for readers who take other approaches to virtue ethics including within the Western virtue ethics tradition. The original essays written for this volume provide valuable sources for philosophical reflection.

The crowds in the Gospel of Matthew [electronic resource] J. R. C. Cousland, 2002 Annotation Arguing that crowds in the Gospel of Matthew serve as a theological entity that represent the people of Israel as opposed to their leaders, Cousland's classical Near Eastern and religious studies approach explores how this representation sheds light on Matthew's relationship to Judaism. Although Matthew had broken with Jewish leadership, he still had hopes of converting the Jewish people to Christianity, and this tension was displayed in the ambivalent manner in which crowds were portrayed in the gospel. A Theological Introduction to the

Pentateuch Richard S. Briggs, Joel N. Lohr, 2012-03 This useful textbook explores the theological dimensions of the Pentateuch and provides examples of critically engaged theological interpretation **One Among Many Members** Ian Kissell, 2016-08-26 A study of individualism and the Bible provides an excellent example of how culture both shapes our understanding of Scripture and ought to be shaped by it Every reading of Scripture is an encultured reading and good students of the Bible must be aware of where their cultural bias might lead them astray However too often critics have proposed that because individualistic cultures are culturally removed from the world of the Bible that by necessity makes readings with an individualistic emphasis suspect This work shows that these criticisms are unfounded A reading of Scripture influenced by individualism does indeed highlight several important aspects of theology It features the significance of each human in the divine program because if the imago dei This significance is clearly seen in personal responsibility for both sin and righteousness faith and unbelief The Bible elevates the significant of the individual and so should we as well Joshua (Baker Commentary on the Old Testament: Historical Books) John Goldingay, 2023-04-18 John Goldingay is one of the most prolific and creative Old Testament scholars working today In this book he draws on the best of biblical scholarship as well as the Christian tradition to offer a substantive and useful commentary on Joshua The commentary is both critically engaged and sensitive to the theological contributions of the text Goldingay treats Joshua as an ancient Israelite document that speaks to twenty first century Christians He examines the text section by section offering a fresh translation textual notes paragraph level commentary and theological reflection and addresses important issues and problems that flow from the text and its discussion This volume the first in a new series on the Historical Books complements other Baker Commentary on the Old Testament series Pentateuch Wisdom and Psalms and Prophets Each series volume is grounded in rigorous scholarship but is useful for those who preach and teach The series editors are David G Firth Trinity College Bristol and Lissa M Wray Beal Wycliffe College University of Toronto **Social-scientific Old Testament Criticism** David J. Chalcraft, 1997-01-01 Collected here in one volume are the best examples of social scientific Old Testament criticism from the last 20 years of the Journal for the Study of the Old Testament an essential introduction to the field Divided into six sections this volume presents essays on the central methodological and theoretical issues as well as a series of applications to the study of early Israelite social forms the formal and informal regulation of life the distribution of power and justice and the performance of social roles and the process of group formation The volume brings home how indispensable a social science approach is for the reconstruction of the Israelite social world not to say our own worlds and productions as well embodying the finest traditions of classical social theory and the interface with exciting new developments **Salvation in the Gospel of Mark** Gabi Markusse, 2018-06-28 The Gospel of Mark portrays Jesus making impossible demands on his disciples They must follow him even if it costs them their lives And unsurprisingly this proves to be impossible for them to do They fail drastically in Mark's narrative and run from the scene as Jesus is arrested Peter had been determined to stay by him unto death but even he was

not able to admit to knowing Jesus at that crucial moment The strange thing is that Jesus made it clear that it is impossible to enter the Kingdom of God without this sort of radical discipleship In this narrative study of salvation in the Gospel of Mark this conundrum is studied closely with surprising results An investigation of various socio historical aspects of Mark s background elucidate the connection that Mark makes between the death of Jesus and the following of the disciples And a study of Mark s narrative as a whole shows that Mark provides hope for those without courage to follow If they continue to look and listen carefully the mystery will be unveiled to them

The book delves into Corporate Responsibility In The Hebrew Bible. Corporate Responsibility In The Hebrew Bible is a vital topic that must be grasped by everyone, from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Corporate Responsibility In The Hebrew Bible, encompassing both the fundamentals and more intricate discussions.
