Helping Parents with Challenging Children Positive Family Intervention Facilitator Guide V. Mark Durand, Meme Hieneman, 2008-03-14 Challenging behavior while common can have a significant negative impact on the lives of children and their families A child s behavior problems can exacerbate developmental setbacks and disrupt overall family functioning Furthermore families of children with behavior problems are often at risk for drop out of intervention programs This facilitator guide along with the corresponding workbook aims to assist parents who have difficulty completing parent training and implementing interventions It uses a fresh and resourceful approach combining principles of applied behavior analysis tools of positive behavior support PBS and cognitive restructuring techniques

Parenting Without Chaos CLINTON GREENE, 2025-04-07 Parenting is one of life s greatest paradoxes It s both endlessly fulfilling and undeniably exhausting It s a space where love and frustration often collide where we experience joy so profound it takes our breath away yet also moments of chaos that test the limits of our patience As a parent you are tasked with one of the most complex roles imaginable shaping tiny humans while navigating the messiness of life all with no instruction manual and no pause button For many of us the vision of parenting we held before having children was idyllic a picture perfect montage of happy meals laughter filled afternoons and peaceful bedtime stories But then reality steps in The tantrums the refusals to put on shoes the battles over homework and the spilled milk in the middle of an already busy morning can make that dream feel impossibly far away
