Civil Society And Politics In Central Asia Asian In The New Millennium:

Civil Society and Politics in Central Asia Charles E. Ziegler, 2014-12-11 In the nineteenth century Kentucky was one of the nation's leading producers of racehorses whiskey tobacco and new counties By 1886 the three original Kentucky counties had been carved into 119 belated 120th was to be formed in 1912 These small divisions commanded the fierce loyalty of their citizens and for most Kentuckians formed the center of political and community life The County in Kentucky History shows the bitter strife of countywide feuds and the conviviality of court day the sporadic outbreaks of ill feeling between town and country and the high spirited brawls that regularly accompanied elections Robert M Ireland traces the structural changes in county government from the days when justices of the peace made up a self-perpetuating county court to the more democratic period when the buying of votes replaced the buying of offices The most beneficial change that could come to local government consolidation into fewer units Ireland sees as unlikely where the tradition of county loyalties and rivalries remains as strong as it does in Kentucky

Civil Society and Politics in Central Asia Charles E. Ziegler, 2015-02-27 The five Central Asian states of Kazakhstan Uzbekistan Kyrgyzstan Tajikistan and Turkmenistan constitute an area of increasing importance in global politics The region currently serves as the main route for transporting American and NATO supplies and personnel into Afghanistan Its Turkic Muslim peoples share ethnic and religious roots with China's Uighurs in neighboring Xinjiang where some Uighurs have connections to the Taliban in Afghanistan and Pakistan fueling Beijing's already acute fears of terrorism and separatism Perhaps most importantly the Caspian basin holds immense reserves of oil and natural gas Countries rich in hydrocarbons like Kazakhstan Turkmenistan and Uzbekistan can benefit greatly from this wealth but often they must rely on foreign companies usually backed by foreign governments to develop these resources Revolts in Kyrgyzstan in 2005 and 2010 and Uzbekistan in 2005 Tajikistan's civil war in the 1990s and continued terrorist incidents 2010 2011 strikes and suicide bombings in Kazakhstan in 2011 have contributed to concerns about stability in the region In *Civil Society and Politics in Central Asia* a prominent group of scholars assesses both the area's manifold problems and its emerging potential examining the often uneasy relationship between its states and the societies they govern A meticulously in-depth study the volume demonstrates the fascinating cultural complexity and diversity of Central Asia Small landlocked and surrounded by larger powers Central Asian nations have become adept at playing their neighbors against each other in order to maximize their own abilities to maneuver The essays in this book look beyond the surface of Central Asian politics to discover the forces that are working for political change and continuity in this critical region of the world
