The Era of Chinese Multinationals

Lourdes Casanova, Anne Miroux, 2019-11-12 Chinese multinationals have grown in size and increased their global presence dramatically over the last decade They have emerged as formidable competitors for western incumbents These firms have instigated profound changes such as displaced trade and investment flows new business models and the emergence of a new geography of global innovation In a single volume *The Era of Chinese Multinationals* captures the forces driving the disruptive growth of Chinese multinational corporations Following a presentation of the surge of Chinese companies the book turns to corporate characteristics of those firms and how they compare with western multinationals in terms of revenues profits branding and business strategy The book uses data and case studies to depict the relevant issues with the goal of providing insights to global executives on collaborating and competing with Chinese companies Covers the Chinese government's expansionist policies and Chinese firms' new role as a global acquirer of companies Examines common characteristics of Chinese companies and their efforts to make China an innovation hub Illustrates its analysis with case studies and interviews with corporate executives and experts in multilateral institutions

The Chinese Strategic Mind

Hong Liu, 2024-06-05 In this thoroughly revised edition of *The Chinese Strategic Mind* Hong Liu underscores how the distinctive foundations of Chinese and Western thought lead to divergent focuses objectives and approaches He aptly introduces a framework for comprehending the Chinese strategic mindset exploring its origins evolution and implementation

The ALA Guide to Researching Modern China Yunshan Ye, 2014-03-28 Covering modern China not just Chinese culture from an historical perspective this important new book fills a sizeable gap in the literature

The Political Economy of Wasta: Use and Abuse of Social Capital Networking Mohamed A. Ramady, 2015-11-23 The term wasta stems from the Arabic root for middle or medium and describes the phenomenon of using connections to find job government services or other favors to circumvent bureaucracy or bypass the system as a whole The effects of wasta may be both positive or negative and is not a phenomenon that is particular to the Arab or Muslim world but also to many other cultures and regions of the world with similar concepts popularly known as ubuntu guanxi harambee naoberschap or old boy network used in African Chinese and European societies By its very nature wasta is an area of grey or even black information and like corruption to which it is most often associated is hard to assess although country corruption perception indexes attempt to provide a quantifiable basis In the final analysis such ratings are based on perceptions of corruption and this perception may vary strongly depending on different societal structures and cultural modes whether these are extended family systems tribal clans or more atomized societies where relationships are essentially transactional and rule based In a western perspective where wasta may be considered as a form of corruption in other societies it may be perceived as something natural and not criminal and using one's wasta in tribal societies to help clan members is seen as a duty The difference stems from the

innocent use of *wasta* to make introductions as opposed to its abuse in placing unqualified persons in positions The volume brings together academics and professional experts to examine a range of multi faceted social economic and political issues raised by the use and abuse of social networking covering various topics like *wasta* interpersonal connections in family and business ties The relationship between inequality adjusted human development and corruption perception indexes in the Gulf region *wasta* and business networking assessing the economic cost of *wasta* *wasta* and its impact on quality oriented education reform and the perceptions of young people The use of *wasta* to overcome socio cultural barriers for women and men The volume also offers insights into social relations and ethics and how the use of *wasta* contradicts with common held religious principles along with some country studies on Islamic principles and the use of *wasta* Mohamed Ramady is a Visiting Associate Professor King Fahd University of Petroleum and Minerals Saudi Arabia Global Oligopoly Chris Carr,2020-02-18 The era of globalisation brought waves of consolidation in business ownership alongside Leviathan like state actors Digital disruption too can leave market power in a relatively small number of hands In organisational and economic terms global oligopoly is now a fundamental idea for business and society which this book explores and analyses This book focuses on global oligopolies starting with an analysis of global concentration and profits in all sectors before moving on to illuminate the geographical spread and global strategic orientation choices and performance outcomes of global oligopoly Contemporary cooperation modes such as cross border M As and strategic alliances niche and Emerging Market champion strategies are also analysed in detail to move the reader towards understanding likely future directions for the field Presenting empirical data on strategies and performance outcomes the book covers a range of industries to provide practical research based guidance for more effective global business strategies and policy perspectives *Traditional Chinese Thinking on HRM Practices* L. Yuan,2013-11-15 Suggests important ramifications for both Western and Eastern Human Resources Practices and is the first research of its kind to empirically investigate the effect of Chinese core values which originated from Chinese traditional thinking on HRM practices in China **European and Chinese Histories of Economic Thought** Iwo Amelung,Bertram Schefold,2021-11-17 The Western literature on the history of Chinese economic thought is sparse and comparisons with the history of Western economic thought even more so This pioneering book brings together Western and Chinese scholars to reflect on the historical evolution of economic thought in Europe and China The international panel of contributors cover key topics such as currency usury land tenure the granary system welfare and government and special attention is given to monetary institutions and policies The problem of good government emerges as the unifying thread of a complex analysis that includes both theoretical issues and applied economics Chinese lines of evolution include the problem of the agency of the State its ideological justification the financing of public expenditure the role played by the public administration and the provision of credit The early radical condemnation of usury in the Near East and in the West gives way to theoretical justifications of interest taking in early capitalist Europe they in turn lead to

advances in mathematics and business administration and represent one of the origins of modern economic theory Other uniting themes include the relationship between metallic and paper money in Chinese and European experiences and the cross fertilization of economic practices and ideas in the course of their pluri millennial interactions Differences emerge the approach to the organization of economic life was and still is more State centred in China The editors bring together these analytical threads in a final chapter opening wider horizons for this new line of comparative economic research which is important for the understanding of modern ideological turns This volume provides valuable reading for scholars in the history of economic thought economic history and Chinese studies
