Chinese Higher Education Reform And Social Justice China Policy Series

Armin Müller

Chinese Higher Education Reform And Social Justice China Policy Series:

Chinese Higher Education Reform and Social Justice Bin Wu,W. John Morgan,2015-06-26 In place of a distributive justice perspective which focuses simply on equal access to universities this book presents a broader understanding of the relationship between Chinese higher education and economic and social change The necessity for research on the place of universities in contemporary Chinese society may be seen from current debates about and policy towards issues of educational inequality at Chinese universities Many questions arise as a consequence What are the limitations of neo liberalism in higher education policy and what are the alternatives How has the Chinese government met the challenges of educational inequality and what lessons may be learned from its recent initiatives How may higher education enhance social justice in Chinese society given economic social and cultural inequality What may be learned from the experience of Macau Hong Kong and of Taiwan in terms of achieving social justice in Chinese universities These questions are considered by a group of leading scholars from both inside and outside China Chinese Higher Education Reform and Social Justice Bin Wu,W. John Morgan,2015-06-26 In place of a distributive justice perspective which focuses simply on equal access to universities this book presents a broader understanding of the relationship between Chinese higher education and economic and social change The necessity for research on the place of universities in contemporary Chinese society may be seen from current debates about and policy towards issues of educational inequality at Chinese universities Many questions arise as a consequence What are the limitations of neo liberalism in higher education policy and what are the alternatives How has the Chinese government met the challenges of educational inequality and what lessons may be learned from its recent initiatives How may higher education enhance social justice in Chinese society given economic social and cultural inequality What may be learned from the experience of Macau Hong Kong and of Taiwan in terms of achieving social justice in Chinese universities These questions are considered by a group of leading scholars from both inside and outside China *India and China* Kavita A. Sharma,2023-10-02 This book provides a comprehensive overview of higher education in India and China and the complexity of issues involved It focuses on gaining understanding of education systems governance mechanisms globalisation and emergence of the private sector action policies of both the countries and their impact on education and society Offering a comparative perspective the book discusses why China is ahead of India in Higher Education when both share the similar challenges of burgeoning young population and scarcity of resources It examines the success in providing equitable access to both country s marginalised sections It also discusses the directions of future growth through National Education Policy 2020 and the 13th Five Year Plan of the Chinese State Council Combining rich content and a broad scope the book offers a valuable key to understanding Higher Education system of India and China It is a useful read for students and researchers in social sciences education area *Actionable Research for Educational Equity and Social Justice* Wang Chen,Xu Li,Edward P. St. John,Cliona Hannon,2018-06-14 Actionable Research for Educational Equity and Social Justice

advances a unique engaged approach to promoting educational equity and social justice in higher education across China and beyond Developed as a joint venture of senior and junior scholars in China and the United States this book documents Chinese Latin American U S and European examples of engaged scholarship supporting the development of strategies for expanding educational opportunities for low income families Drawing from collaborative research workshops and field investigations chapter authors propose and test new methods and practices for reducing educational inequality and provide examples of successful practices that have improved access for low income students across the globe *Community College Models* Rosalind Latiner Raby,Edward J. Valeau,2009-03-22 Increasingly students worldwide are seeking post secondary education to acquire new skill sets and credentials There is an explosion of community college models that provide educational opportunities and alternative pathways for students who do not fit the traditional higher educational profile This book focuses on economic models to help local and national economies develop strong workforce training humanitarian models to bring about social mobility and peace transformative models to help institutions expand and keep up with societal needs and newly created models that respond to the educational and training needs of a constantly changing world These models seek to capture the imagination of those who are committed to learning about what works in higher education and in particular the impact community college models are having on the changing nature of world social political and economic landscapes With contributors representing 30 countries this book presents an international perspective **Handbook of Education in China** W. John Morgan,Qing Gu,Fengliang Li,2017-08-25 The Handbook of Education in China provides both a comprehensive overview and an original interpretation of key aspects of education in the People s Republic of China It has four parts The Historical Background The Contemporary Chinese System Problems and Policies The Special Administrative Regions Macau and Hong Kong The Handbook is an essential reference for those interested in Chinese education as well as a comprehensive textbook that provides valuable supplementary material for those studying Chinese politics economy culture and society more generally **Handbook of the Politics of China** David S.G. Goodman,2015-11-27 The Handbook of the Politics of China is a comprehensive resource introducing readers to the very latest in research on Chinese politics David Goodman provides an introduction to the key structures and issues providing the foundations on which later learning can be built Including a comprehensive bibliography it is an ideal reference work for undergraduate and postgraduate students and academics The Handbook contains four sections of new and original research dealing with leadership and institutions public policy political economy and social change and international relations Each of the 26 chapters has been written by a leading internationally established authority in the field and each reviews the literature on the topic and presents the latest findings of research Presenting the state of the art of the field this reader oriented Handbook is an essential primer for the study of China s politics Equity Issues in Chinese Higher Education Policy Hongzhi Zhang,2024-06-14 Investigating the highly influential enrolment expansion policy in Chinese higher education this book outlines how educational equity issues were

understood and addressed in the formulation and implementation of the policy and its impacts on the socio economic fabric of China in the past decades Drawing on Chinese policy documents and interviews with government and university representatives Zhang examines the education system under the Mao era and the post Mao era and outlines the different approaches to equity that have characterized education in China in the 20th and 21st centuries Stephen Ball s policy cycle is used as a framework to analyse the various contexts text discourse and social practice in which policy is formed Zhang argues that education policy was not simply driven by concerns of equity but also by economic interests and political discourse Zhang further goes on to analyse how education policy was implemented by provincial governments and highlights the tension between central policy and on the ground implementation Bringing analysis of Chinese policy and research to a wider audience this text will interest education policymakers and academics in the field of educational equity and higher education research

China's New Public Health Insurance Armin Müller, 2016-11-25 Especially since the 2003 SARS crisis China s healthcare system has become a growing source of concern both for citizens and the Chinese government China s once praised public health services have deteriorated into a system driven by economic constraints in which poor people often fail to get access and middle income households risk to be dragged into poverty by the rising costs of care The New Rural Co operative Medical System NRCMS was introduced to counter these tendencies and constitutes the main system of public health insurance in China today This book outlines the nature of the system traces the processes of its enactment and implementation and discusses its strengths and weaknesses It argues that the contested nature of the fields of health policy and social security has long been overlooked and reinterprets the NRCMS as a compromise between opposing political interests Furthermore it argues that structural institutional misfits facilitate fiscal imbalances and a culture of non compliance in local health policy which distort the outcomes of the implementation and limit the effectiveness of insurance These dynamics also raise fundamental questions regarding the effectiveness of other areas of the comprehensive New Health Reform which China has initiated to overhaul its healthcare system

Realities and Aspirations for Asian Youth Suzanne Naafs, Tracey Skelton, 2020-06-09 This comprehensive volume explores the remarkable expansion of higher education systems and institutions in Asia in recent decades alongside changing forms of consumerism mobility and global economic conditions It demonstrates how recent changes in training education and employment have sparked new aspirations for possible and desirable livelihoods among the younger generation while also generating fresh problems and tensions The authors in this volume critically interrogate the links between education and employment normative understandings about youth and adulthood as well as personal national and regional level aspirations for economic success Comparative chapters on Cambodia China Hong Kong India Indonesia Japan Laos Nepal Singapore and Taiwan illustrate how young people are having to forge innovative pathways into the future while being confronted with ever increasing insecurities Offering important insights into the kinds of education and employment landscapes that Asian youth are

navigating reworking or trying to avoid this collection is an essential reference for students and scholars of Asian Studies Cultural Anthropology Development Studies Human Geography and Youth Studies This book was originally published as a special issue of the journal Children s Geographies

When somebody should go to the book stores, search start by shop, shelf by shelf, it is really problematic. This is why we allow the books compilations in this website.
