Revolution and Its Narratives Xiang Cai, 2016-02-04 Published in China in 2010 Revolution and Its Narratives is a historical literary and critical account of the cultural production of the narratives of China's socialist revolution Through theoretical empirical and textual analysis of major and minor novels dramas short stories and cinema Cai Xiang offers a complex study that exceeds the narrow confines of existing views of socialist aesthetics By engaging with the relationship among culture history and politics in the context of the revolutionary transformation of Chinese society and arts Cai illuminates the utopian promise as well as the ultimate impossibility of socialist cultural production Translated annotated and edited by Rebecca E Karl and Xueping Zhong this translation presents Cai's influential work to English language readers for the first time

Words and Their Stories Ban Wang, 2010-10-05 As China joins the capitalist world economy the problems of social disintegration that gave rise to the earlier revolutionary social movements are becoming pressing Instead of viewing the Chinese Revolution as an academic study these essays suggest that the motifs of the Revolution are still alive and relevant The slogan Farewell to Revolution that obscures the revolutionary language is premature In spite of dislocations and ruptures in the revolutionary language to rethink this discourse is to revisit a history in terms of sedimented layers of linguistic meanings and political aspirations Earlier meanings of revolutionary words may persist or coexist with non revolutionary rivals Recovery of the vital uses of key revolutionary words proffers critical alternatives in which contemporary capitalist myths can be contested

Chinese Revolution and Chinese Literature Tao Dongfeng, Rosemary Roberts, Yang Xiaobin, 2009-05-05 This volume has brought together essays to explore analyse and interpret the revolutionary tradition in modern Chinese literature over the past century from various angles The authors examine the bodily or carnal dimension especially the hidden implication of sexual passion in revolutionary literature formulate feminist critiques of the conception of women in literary expressions of revolution explore the function of revolution as historical discourse and in historiographical representation and discuss the reworking of revolutionary classics in recent literary and artistic endeavours Here revolution in history and in literature is conceptualized neither as an unquestionably progressive and creative force for a new world nor an absolutely pejorative concept that necessarily leads to sociopolitical turmoil and tragedy Insofar as postrevolutionary writings cannot but reappropriate the revolutionary spirit as their unavoidable and inseparable traumatic kernel studies in revolutionary literature and culture too go through the zigzag experience of revolution in order to scrutinize its complex implications

Blooming and Contending Michael S. Duke, 1985 Chinese literature has been the slave of politics at least since 1948 and especially during the Cultural Revolution So repressed and convoluted is most Chinese literature that the West cannot read it as literature at all but rather as sociological and political texts Professor Duke believes this has changed enough since 1977 to permit genuine literary analysis This book surveys and analyzes the most important literary events in the PRC from 1977 to 1982 Chapter I covers the significant changes in the Chinese Party line on literature and art

during this period and thus provides the backdrop for literary and artistic endeavor Subsequent chapters deal with the critique of Chinese literature by China's own writers the neo realistic fiction of 1979-80 the nonfiction works of a courageous investigative reporter for the People's Daily and the theme of humanism and its treatment in the works of Bai Hua and Dai Houying The final chapter discusses the post Mao generation of young writers who are trying to create works that go beyond narrowly ideological boundaries of the past and reach toward a true modern Chinese literature
