Culture And The Development Of Management An International Example Paperback:

Management Culture and Corporate Social Responsibility Pranas Žukauskas, Jolita Vveinhardt, Regina Andriukaitienė, 2018-04-18 This monograph focuses on the level of management culture development in organizations attempting to disclose it not only with the help of theoretical insights but also by the approach based on employees and managers Why was the term management culture that is rarely found in literature selected for the analysis We are quite often faced with problems of terminology Especially it often happens in the translation from one language to another While preparing this monograph the authors had a number of questions on how to decouple the management culture from organization's culture and from organizational culture how to separate management culture from managerial culture etc However having analysed a variety of scientific research it appeared that there is no need to break down the mentioned cultures because they still overlap Therefore it is impossible to completely separate the management culture from the formal or informal part of organizational culture Management culture inevitably exists in every organization only its level of development may vary Proceedings of the XIII International Symposium SymOrg 2012: Innovative Management and Business Performance, 2012-06-03

Handbook of International Human Resource Development Thomas Garavan, Alma McCarthy, Ronan Carbery, 2017-10-27 This Handbook draws on a global team of distinguished Human Resource Development and IHRD scholars to provide research and practice insights on a range of contemporary IHRD issues and challenges The Handbook reviews a number of critical contextual dimensions that shape the IHRD goals that organisations pursue impact the IHRD systems policies and practices that are implemented and influence the types of IHRD research questions that are investigated The Handbook examines the processes or actions taken by organisations to globalise IHRD practices and discusses important people development practices that come within the scope of IHRD

General Education and the Development of Global Citizenship in Hong Kong, Taiwan and Mainland China Jun Xing, 2013 General Education has taken center stage in the greater China area Hong Kong Taiwan and mainland China because of a number of important developments First globalization has created both opportunities and challenges for college students When they graduate and enter the real world they must have the cultural sensitivities and social skills in addition to their professional training to compete in a knowledge based global economy Equally significant for institutions of higher education pressing global problems challenge traditional disciplines and demand new forms of learning that reshapes the boundaries of knowledge In response to those rapidly changing dynamics general education has taken an increasingly important role in undergraduate education As the first English publication on the subject this anthology brings together a distinguished group of General Education scholars and teachers from Hong Kong Taiwan and mainland China

Global HRM Practices: Aligning Strategy, Structure, and Culture Dr. Yamini Pandey, Dr. Jitendra Kumar Singh, Dr. Namrata Tripathi, 2025-04-14 Self-Management, Entrepreneurial Culture, and Economy 4.0 Agnieszka Rzepka, Zbigniew Olesiński, Elżbieta

Jędrych,2021-11-01 This book offers practical insight into the changing ways in which organizations operate today Building on a groundbreaking concept of teal organizations the book illustrates the practicality of advocating a lack of hierarchy of predetermined positions and the introduction of roles that come with clear responsibilities constantly defined according to current needs First described by Frederic Laloux a teal organization is a ground breaking approach to managing organizations that is being adopted around the world which turns everyone into a leader This new paradigm rests on the ideas of wholeness evolutionary purpose employee autonomy and self management based on peer relationships Its main assumption is the empowerment of the employee resulting in a change in workplace relationships and a more soulful and purposeful work environment Drawing on the authors research across six different countries it presents the evolution of self management and entrepreneurial culture in the current age of Economy 4 0 and examines how the teal concept has been implemented around the world It examines misconceptions surrounding this novel approach and diagnoses the practical problems connected with implementing it in the current uncertain times It will be of value to researchers academics managers and students in the fields of management and organizational studies

Global Development of Religious Tourism Alaverdov, Emilia,Bari, Muhammad Waseem,2020-10-30 Modern religious tourism is a main segment of the tourism business The main goal of religious tourism is aimed at developing human spirituality spiritual healing and culture where a person receives the experience of cooperation or involvement with the place in which he resides his people culture and religion This type of tourism is able to play a significant role in the overall goals of society and to promote the establishment of trusting relationships between people of all cultures and religions Global Development of Religious Tourism is a crucial reference book that contains research on the current religious situation as well as the tourism industry and provides insights on their joint development It is not possible to study any religious field without understanding the religion itself and its impact on any country s political and social system Therefore the work also examines the impact of religion and tourism on economic and social developments across the world Highlighting topics that include sanctuary cities religious tourism management and religious tourism in regions that span Europe Africa the Middle East and more this book is targeted to managers executives planners and other professionals in the tourism and hospitality industry government officials religious leaders and researchers academicians and students working in the fields of tourism management business management information and communication sciences administrative sciences and management education and social and political sciences

Sport Development in the United States Peter Smolianov,Dwight Zakus,Joseph Gallo,2014-09-15 The development of both elite high performance sport and mass participation grassroots level sport are central concerns for governments and sports governing bodies This important new study is the first to closely examine the challenges and opportunities for sports development in the United States a global sporting giant with a unique market driven sporting landscape Presenting an innovative model of integrated sports development the book explores the inter relationship between

elite and mass sport across history drawing on comparative international examples from Australia to the former USSR and Eastern bloc countries At the heart of the book is an in depth empirical study of three traditional and emerging sports in the US tennis soccer and rugby that offer important lessons on the development of elite sport methods for increasing participation and the establishment of new sports in new markets No other book has attempted to model sports development in the United States in such depth before Therefore this should be essential reading for all students researchers administrators or policy makers with an interest in sports development sports management sports policy or comparative international sport studies

Management of Sports Development Vassil Girginov, Mathew Dowling, 2025-09-23 Now in a fully revised and significantly expanded new edition Management of Sports Development is a complete introduction to the theory policy and practice of sports development With a focus on professional knowledge and managerial competencies this book defines conceptually and semantically the field of sports development and explains how a clear vision managed processes of change and effective delivery can lead to the best sustainable outcomes for people communities and sports organisations The first section of this book introduces the developmental doctrines that underpin contemporary sports development and considers how research and writing about sports development influence policy and practice The second section of this book then explores the diversity of perspectives and interests in the sports development landscape from public policy international sports development to cultural perspectives and social value The third section takes a closer look at the personal organisational and social change stimulated by sports development visions a critical consideration for effective strategy programme implementation and management including current issues such as social justice sustainability and mega sporting events The fourth and final section of this book looks closely at delivery unpacking key functional areas such as governance building organisational capacity networks and partnerships volunteering digitalisation and monitoring and evaluation Management of Sports Development is an essential textbook for any sport development course and is invaluable reading for any policy maker or practitioner looking to improve their subject knowledge or professional skills

Safety Culture Dr John Bernard Taylor, 2012-08-28 Facility safety is an important commercial risk and it has to be managed insists John Taylor in Safety Culture Following an accident the lack of a good safety management system compounded by a poor safety culture is a charge often laid on organisations Accidents can take up to thirty percentage points off annual profits and often failure to manage safety has a much larger social cost that can involve fatalities or serious injury to members of the workforce and public This has been starkly demonstrated in the railway industry the international atomic energy industry and through events in the oil exploration and refinery industry In business terms the ultimate cost can be receivership Safety Culture highlights examples ranging from the loss of the Titanic to Bhopal and the Tokaimura criticality event In it Dr Taylor argues that to minimise risks any hazardous facility requires robustly engineered safety systems an effective management system and a developed organisational safety culture Safety culture is a complex social scientific concept and Dr Taylor

demystifies it with reference to theory normally associated with mainstream business development and change processes
Sections of the book deal with using safety culture theory as a predictive model the assessment of safety culture and how to influence culture change to produce the desired organisational behaviours This is a practically focused book from an author with vast experience at the top level of high hazard industries he brings together current academic thinking on the concept of safety culture and provides authoritative practical guidance for operational executives managers and for students in science safety technology and engineering disciplines
