World Development

Report 2022 World Bank,2022-06-13 The COVID 19 pandemic triggered the largest global economic crisis in more than a century In 2020 economic activity contracted in 90 percent of countries the world economy shrank by about 3 percent and global poverty increased for the first time in a generation Governments responded rapidly with fiscal monetary and financial policies that alleviated the worst immediate economic impacts of the crisis Yet the world must still contend with the significant longer term financial and economic risks caused by or exacerbated by the pandemic and the government responses needed to mitigate its effects World Development Report 2022 Finance for an Equitable Recovery examines the central role of finance in the economic recovery from COVID 19 Based on an in depth look at the consequences of the crisis most likely to affect low and middle income economies it advocates a set of policies and measures to mitigate the interconnected economic risks stemming from the pandemic risks that may become more acute as stimulus measures are withdrawn at both the domestic and global levels Those policies include the efficient and transparent management of nonperforming loans to mitigate threats to financial stability insolvency reforms to allow for the orderly reduction of unsustainable debts innovations in risk management and lending models to ensure continued access to credit for households and businesses and improvements in sovereign debt management to preserve the ability of governments to support an equitable recovery

Proceedings of the XV International symposium Symorg 2016 Ondrej Jaško,Sanja Marinković,2016-06-03 Executory Contracts in Insolvency Law Jason Chuah,Eugenio Vaccari,2023-01-20 Executory Contracts in Insolvency Law offers a unique and wide ranging transnational study of the treatment of ongoing contracts when one of the parties becomes insolvent This second edition not only updates existing material but also extends the analysis to key developing economies and restructuring hubs Written by experts with extensive practical and scholarly knowledge in the field this is a cutting edge investigation into the philosophies and rationales behind the different policy choices adopted by more than 30 jurisdictions across the globe

Compliance Norms in Financial Institutions Tomasz Braun,2019-10-25 Initially introducing compliance functions within the financial industry had been forced by regulatory scrutiny Later it started to spread to other regulated companies in particular those publicly listed Now compliance has become an asset of corporates that want to build their reliability among clients shareholders employees and business partners This book looks at the efficiency of the compliance measures introduced and the best practices of building compliance norms This recently observed practice of compliance was triggered by the expectation of regulators shareholders clients business partners and the public for robust compliance mechanisms This book looks at the vast interest in this topic among business people who strive to introduce the systems and the mechanisms of non compliance risk management in their companies and at the uncountable difficulties and obstacles they meet The book fills the gap of thorough analysis of this subject by pointing out the solutions successfully introduced in global financial organizations and would be of interest to academics researchers and practitioners in corporate finance corporate governance and risk management

Court-Supervised Restructuring of Large Distressed Companies in Asia Wai Yee Wan, 2022-07-28 This book provides an in depth analysis of 4 economically significant Asian jurisdictions Mainland China India Hong Kong and Singapore These jurisdictions have recently either reformed or are considering reforming their corporate restructuring laws to promote regimes conducive to restructuring financially distressed but otherwise economically viable companies Mainland China India Hong Kong and Singapore continue to adhere to a framework that requires the court s final approval but draw references from Chapter 11 of the Bankruptcy Code 1978 in the United States and or the schemes of arrangement in the United Kingdom However the institutional and market structures are very different in Asia in particular Asia has a far higher concentration in shareholdings among listed firms including holdings by families and the state and a different composition of creditors The book explains how notwithstanding the legal transplantation corporate restructuring laws in these Asian jurisdictions have adapted and evolved due to the frictions in shareholder creditor and creditor creditor relationships and the role of the state in resolving non performing loans and financial distress of state owned enterprises which are listed or which issue public debt The study argues that any reforms must go beyond professionalising the insolvency professionals and the judiciary but must be designed to address fundamental issues of corporate governance bank regulation and enforcing non bankruptcy rules It offers invaluable insights for academics and policy makers alike The ASEAN Way Ms.Ana Corbacho, Mr. Shanaka J Peiris, 2018-10-02 The first part of the book examines the evolution of monetary policy and prudential frameworks of the ASEAN5 with particular focus on changes since the Asian financial crisis and the more recent period of unconventional monetary policy in advanced economies The second part of the book looks at policy responses to global financial spillovers The third and last part of the book elaborates on the challenges ahead for monetary policy financial stability frameworks and the deepening of financial markets
