Caesar Ascending Invasion Of Parthia:

Caesar Ascending R. W. Peake, 2015-11-05 A certain seer warned Caesar to be on his guard against a great peril on the day of the month of March which the Romans call the Ides 6 and when the day had come and Caesar was on his way to the senate house he greeted the seer with a jest and said Well the Ides of March are come and the seer said to him softly Ay they are come but they are not gone Plutarch Parallel Lives What if Gaius Julius Caesar had heeded that warning and the other signs leading up to the Ides and survived that day in March of 44 BC This is the premise behind Caesar Ascending Invasion of Parthia which is the predecessor to Caesar Triumphant an alternate history where Caesar after his planned invasion of Parthia continues marching east Whereas Caesar Triumphant covers Caesar's invasion of the Isle of Wa now known as Japan Caesar Ascending is set in 44 BC and tells the story of his planned invasion of Parthia and includes the characters of the internationally bestselling Marching With Caesar series featuring Titus Pullus Determined not to repeat the mistakes made by Caesar's friend and fellow Triumvir Marcus Licinius Crassus the Dictator has trained his Legions in tactics specifically designed to thwart the famed Parthian cataphracts and horse archers but as Caesar and his army learns the Parthians have been working on their own surprises all in an attempt to destroy another Roman army and send a message to Rome that they are not the only world power

Caesar Ascending R. W. Peake, 2017-06-08 Caesar Ascending Conquest of Parthia is the second volume of the alternate history series in which Caesar survives the assassination attempt in March of 44 BC and carries out his planned invasion of Parthia After a successful first year's campaign where Caesar and his army capture the cities of Ctesiphon and Seleucia Caesar is now determined to face and defeat the young Parthian king Phraates who is just as intent on avoiding battle with the Roman general For Titus Pullus the giant Primus Pilus of the 10th Legion and his comrades matters are further complicated by the presence of a force called the Crasso the Roman survivors of the ill fated campaign led by Marcus Crassus who are now fighting for Parthia What neither Caesar nor any Roman has any way of knowing is whether their former countrymen still hold any loyalty to Rome or if the decade they have spent under Parthian control has been enough to switch their allegiance to their captors All will be decided outside the walls of Susa when Caesar and his army must not only once more face the feared Parthian cavalry but fellow Romans

Rome and Parthia: Empires at War Gareth C Sampson, 2020-08-05 Rome and Parthia explains the motives behind Marc Antony's invasion of Parthia and all the reasons it ultimately failed In the mid first century BC despite its military victories elsewhere the Roman Empire faced a rival power in the east the Parthian Empire The first war between two superpowers of the ancient world had resulted in the total defeat of Rome and the death of Marcus Crassus When Rome collapsed into Civil War in the 40s BC the Parthians took the opportunity to invade and conquer the Middle East and drive Rome back into Europe What followed was two decades of war which saw victories and defeats on both sides The Romans were finally able to gain a victory over the Parthians thanks to the great but now neglected general Publius Ventidius These victories acted as a springboard for Marc Antony's plans to conquer

W. Peake,2019-09-02 Caesar Ascending Pandya the fourth volume of the bestselling alternate history Caesar Ascending series continues the story of a world where Caesar has survived the Ides of March conducted the invasion and conquest of Parthia and is now determined to surpass the accomplishments of Alexander the Great by conquering the vast expanse of India all the way to the Ganges something that the men of his Legions have finally recognized driving them to revolt Consequently before he can resume his campaign he must appease his rebelling Legions in the Greco Indian city of Bharuch but not only that he now must quell an uprising fomented by one of his

own Legates Marcus Aemilius Lepidus in far off Merv the most remote city in the new Roman province of Parthia Superior To do this he departs the newly conquered city to return to Parthia taking most of the fleet with him and effectively stranding the men of his army in India In Caesar s absence Primus Pilus Titus Pullus of Caesar s famed 10th Legion and the other Centurions of Caesar s army stranded in Bharuch must both maintain discipline and keep their disgruntled men from taking out their frustrations on the civilian populace It falls on Pullus shoulders to be the Roman liaison to Bharuch s Queen Hyppolita and over time Roman Centurion and foreign Queen form an unlikely bond Her husband King Abhiraka humiliated and vengeful because he was forced to flee from Bharuch to avoid capture has prevailed on the most powerful domain to the south Pandya to provide him with an even larger army to retake his kingdom and they are marching back north to the city Caesar returns from Parthia before their arrival but only after tragedy has already struck his army in India thereby spurring him to make a huge gamble one in which just as when he crossed the Rubicon he risks all Through it all there are other trials the Legions of Rome are encountering a harsh and foreign environment filled with all manner of strange animals and challenges that will test Caesar and his Legions as they move out of the sphere of Greek influence into the southern part of this vast land and the nascent Pandyan Kingdom the next obstacle in his path to everlasting fame

Caesar Triumphant R.W. Peake,2013-07 A certain seer warned Caesar to be on his guard against a great peril on the day of the month of March which the Romans call the Ides 6 and when the day had come and Caesar was on his way to the senate house he greeted the seer with a jest and said Well the Ides of March are come and the seer said to him softly Ay they are come but they are not gone Plutarch Parallel Lives What if Gaius Julius Caesar had heeded those fateful words and survived that day in March of 44 BC That is the underlying premise behind Caesar Triumphant a story of a Caesar and his army that conduct his planned

campaign against the Parthians then just continues on a march of conquest that takes him to the very edge of the known world The story opens with the last target of conquest an island nation known then as the Isles of Wa and what we know today as the country of Japan It will be the final challenge of a remarkable career but facing him and his battle hardened Legions are a race of people as fiercely dedicated to the profession of arms and fanatically devoted to their emperor as any foe Caesar and his Romans have ever faced The Wa have never tasted defeat repelling every attempted invasion of their sacred islands In these warriors has Caesar and his unstoppable force of an army finally met their match in the immovable object in the form of the men of Wa or will Caesar once again be triumphant Caesar Triumphant is an alternative history by the author of the bestselling and critically acclaimed Marching With Caesar series R W Peake featuring Titus Pullus Legionary of Rome **Latin Lyric and Elegiac Poetry** Diane J.
