It is designed to aid lenders, borrowers, and their legal counsel in confronting the variety of issues encountered in working out an acceptable solution to the dilemma posed by a loan in default. The Second Edition features extensive coverage of environmental liabilities that may arise under federal statutes and regulations such as RCRA and CERCLA and how lenders can avoid or minimize these liabilities. A new chapter has been added on the state mini RCRA and CERCLAs necessitated by the growing importance of state environmental laws to real estate financing. A detailed discussion is presented on the laws and programs that have been developed to minimize lender liability at andquot brownfields andquot sites in urban areas. Excellent coverage is provided for such key areas as prepackaged plans, single asset real estate cases, cash collateral, and adequate protection deeds in lieu of foreclosure, and dealing with guarantors and other sureties Preserving Home Ownership United States.
