Caesar The Gallic War Loeb Classical Library Latin And English Edition:

The Cambridge Companion to Catullus Ian Du Quesnay, Anthony John Woodman, 2021-04-29 Comprehensive coverage accessible to students and non specialists of one of the most popular poets of classical antiquity **Early Latin** J. N. Adams, Anna Chahoud, Giuseppe Pezzini, 2023-08-17 This is the most detailed and comprehensive study to date of early Latin language literary and non literary featuring twenty nine chapters by an international team of scholars Early Latin is interpreted liberally as extending from the period of early inscriptions through to the first quarter of the first century BC Classical Latin features significantly in the volume although in a restricted sense In the classical period there were writers who imitated the Latin of an earlier age and there were also interpreters of early Latin Later authors and views on early Latin language are also examined as some of these are relevant to the establishment of the text of earlier writers A major aim of the book is to define linguistic features of different literary genres and to address problems such as the limits of periodisation and the definition of the very concept of early Latin *Julius Caesar* Antony Kamm, 2006-09-27 This is a fresh account of Julius Caesar the brilliant politician and intriguing figure who became sole ruler of the Roman Empire Julius Caesar examines key figures such as Marius Sulla Cicero Mark Antony Gaius Octavius emperor Augustus Calpurnia and Cleopatra as well as the unnamed warriors who fought for and against him and politicians who supported and opposed him Including new translations from classical sources Antony Kamm sets Caesar s life against the historical political and social background of the times and addresses key issues Did Caesar destroy the Republic What was the legality of his position and the moral justifications of his actions How good a general was he What was his relationship with Cleopatra Why was he assassinated What happened next This is Caesar the lavish spender the military strategist a considerable orator and historical writer and probably the most influential figure of his time in all his historical glory Students of Rome and its figures will find this an enthralling eye opening addition to their course reading *Bulletin ...* University of St. Andrews. Library, 1918 **Library Bulletin of the University of St. Andrews** University of St. Andrews, 1918 *Origins of Old Germanic Studies in the Low Countries* Kees Dekker, 1999-01-12 This volume deals with the study of Old Germanic languages in the Low Countries in the seventeenth century The work of the philologist and lawyer Jan van Vliet 1622 1666 has been taken as a starting point for a discussion of the intellectual background and philological methodology of seventeenth century investigations into the earliest recorded forms of the Germanic languages Van Vliet s activities provide an extraordinary example of the earliest attempts to approach Old Germanic languages from a comparative point of view The cosmopolitan tradition of philological studies in the Dutch Republic as well as Van Vliet s great admiration of Francis Junius 1590 1677 the founding father of Germanic philology formed the basis for his ideas about vernacular languages His work allows us a unique insight in the pioneering seventeenth century studies in Germanic philology **Standard Catalog for Public Libraries** H.W. Wilson Company, 1931 **Constituent Order in Classical Latin Prose** Olga Spevak, 2010-03-24 Latin is a language

with variable so called free word order Constituent Order in Classical Latin Prose Caesar Cicero and Sallust presents the first systematic description of its constituent order from a pragmatic point of view Apart from general characteristics of Latin constituent order it discusses the ordering of the verb and its arguments in declarative interrogative and imperative sentences as well as the ordering within noun phrases It shows that the relationship of a constituent with its surrounding context and the communicative intention of the writer are the most reliable predictors of the order of constituents in a sentence or noun phrase It differs from recent studies of Latin word order in its scope its theoretical approach and its attention to contextual information The book is intended both for Latinists and for linguists working in the fields of the Romance languages and language typology The Review ,1919 Review Fabian Franklin,Harold de Wolf Fuller,1920

Unveiling the Power of Verbal Artistry: An Emotional Sojourn through **Caesar The Gallic War Loeb Classical Library Latin And English Edition**
