Catching Our Flag Behind The Scenes Of A Presidential Impeachment:

Catching Our Flag James Rogan, 2011 A key player in President Clinton's impeachment saga offers an uncensored behind the scenes look at America's most infamous presidential impeachment 42 Michael Nelson, Barbara A. Perry, Russell L. Riley, 2016-07-08 This book uses hundreds of hours of newly opened interviews and other sources to illuminate the life and times of the nation's forty second president Bill Clinton Combining the authoritative perspective of these inside accounts with the analytic powers of some of America's most distinguished presidential scholars the essays assembled here offer a major advance in our collective understanding of the Clinton White House Included are path breaking chapters on the major domestic and foreign policy initiatives of the Clinton years as well as objective discussions of political success and failure p 42 is the first book to make extensive use of previously closed interviews collected for the Clinton Presidential History Project conducted by the Presidential Oral History Program of the University of Virginia's Miller Center These interviews recorded by teams of scholars working under a veil of strict confidentiality explored officials' memories of their service with President Clinton and their careers prior to joining the administration Interviewees also offered political and leadership lessons they had gleaned as eyewitnesses to and shapers of history Their spoken recollections provide invaluable detail about the inner history of the presidency in an age when personal diaries and discursive letters are seldom written The authors producing this volume had first access to more than fifty of these cleared interviews including sessions with White House chiefs of staff Mack McLarty and Leon Panetta Secretaries of State Warren Christopher and Madeleine Albright National Security Advisors Anthony Lake and Sandy Berger and a host of political advisors who guided Clinton into the White House and helped keep him there This book thus provides a multidimensional portrait of Bill Clinton's administration drawing largely on the observations of those who knew it best p Contributors Spencer D Bakich University of Richmond Brendan J Doherty United States Naval Academy Patrick T Hickey West Virginia University p Elaine Kamarck Center for Effective Public Management Brookings Institution Sidney M Milkis University of Virginia Megan Moeller University of Texas at Austin Michael Nelson Rhodes College and the Miller Center University of Virginia p Bruce F Nesmith Coe College pp Barbara A Perry Miller Center University of Virginia pp Paul J Quirk University of British Columbia pp Russell L Riley Miller Center University of Virginia Andrew Rudalevige Bowdoin College Robert A Strong Washington and Lee University Sean M Theriault University of Texas at Austin **Catching Our Flag** James Rogan, 2021-05-13 During the scandal of the 1990s the media force fed America and the world a steady diet of Monica Lewinsky's blue dress a wagging presidential finger and parsing phrases like the meaning of it is Now Congressman James Rogan has opened his private diaries for both modern readers and for history by penning the ultimate insider's story on what led a very reluctant House of Representatives to impeach a then very popular American president From his first day on the House Judiciary Committee Rogan knew if the scandal ever led to impeachment proceedings future accounts would suffer from faulty memories or faulty

motives To combat the threat of factual or historical error he kept diary notes during every significant impeachment behind the scenes meeting from the first day the Lewinsky scandal broke He did this so there would be a complete and accurate historical chronicle the best evidence of what really happened in the unfolding drama This historically important archive is unmatched in its thoroughness and integrity *Behind the Mask of Facebook* Ryan Hartwig, Kent Heckenlively, 2021-08-17 The author was hired by Cognizant as a content moderator for Facebook As time went by he discovered that Facebook was systematically suppressing free speech Fighting back he chronicles his actions as a first step to learning how to confront and defeat tyranny *A Compilation of the Messages and Papers of the Presidents* United States. Networked Collective Actions Hyunjin Seo, 2022 The summer of 2016 saw one of the most significant citizen protests in the history of democratic South Korea eventually culminating in the impeachment and conviction of then President Park Geun-hye for corruption Concerns about the president's behavior were raised in a polarized media environment with low public trust where extreme right wing media outlets amplified conspiracy theories and false claims in opposition to impeachment How then was it possible for pro impeachment protests seeking major social change to succeed And why did pro Park protesters and government efforts to defend Park ultimately fail Based on interviews with key players in the impeachment movement and original analyses of news reports and social media posts *Networked Collective Actions* untangles the intricate interactions among different actors that were supported and sometimes constrained by the technological socio-political and legal environments in which they occurred Moreover Hyunjin Seo develops a theoretical framework for understanding collective actions in dynamic information ecosystems and analyzes how information

consumption patterns might prompt someone to either immediately reject a certain piece of information or to reconsider and adopt that same information. Seo provides a nuanced examination of the role of journalism in a democracy where non-traditional intermediaries e.g. social media influencers and bots have emerged as important producers and filters of information and in light of declining trust in news media. *Congressional Record* United States.
