Companion Guide

Hugh Honour

Companion Guide:

The Companion Guide to Mainland Greece Brian De Jongh, John Gandon, Geoffrey Graham-Bell, 2000 When Brian de Jongh's two classic Companion Guides Southern Greece and Mainland Greece were first published they were greeted with acclaim and immediately established themselves as essential guides They have now been combined into this single volume covering the whole of the Greek mainland This new edition has been thoroughly revised by John Gandon Brian de Jongh's nephew and Geoffrey Graham Bell taking into account both new archaeological discoveries and recent development Brian de Jongh combined an expert knowledge of history archaeology and mythology with a profound understanding of the Greek people and a feeling for the landscape which inspired their myths and monuments he describes a country that he loved and much of which Pausanias writing almost two thousand years ago would still recognise This book is more than ever the most indispensable of all modern guides to Greece

The Companion Guide to Venice Hugh Honour, 1997 It offers all that the visitor with a concern for beauty and for leisurely sight seeing will require Financial Times If ever a guidebook were designed to be read as literature it is Mr Honour's Even those who know Venice well and love it well will add to their appreciation from this seemingly endless store of information Economist Offers all that the visitor with a concern for beauty and for leisurely sight seeing will require FINANCIAL TIMES The best guide book I have ever encountered and a book I found it impossible not to read from beginning to end OBSERVER There are few pleasanter ways of passing a summer's evening than sitting over a cup of coffee and perhaps a glass of Aurum in the Piazza San Marco It is especially agreeable on those nights when the Venetian city band thunders away at some throbbingly romantic piece And all the while the younger inhabitants parade around the square chattering flirting quarrelling and staring at their visitors with that same unwinking gaze that Venetians have turned on their guests for the past five centuries The facade of San Marco closes the scene in a glitter of golden mosaic and a bubbling of cupolas while the great thick red campanile stretches up into the warm mothy darkness of the summer sky Hugh Honour it is clear knows Venice exceptionally well and catches the rhythms of the city's life with unerring skill His guide with its winning blend of evocative detail and precise information spurs the reader to investigate Venice's wonders Piazza San Marco is only the beginning of a journey into the heart of Venice and its history

The Companion Guide to Edinburgh and the Borders A. J. Youngson, 2001 Long overdue Revised updated freshly illustrated Edinburgh joins the Companion Guide series informative on Edinburgh's and Scotland's past and present Edinburgh is one of Europe's most elegant and cosmopolitan cities the Old Town rebuilt on the medieval street plan after being burned down by the English in 1544 and the eighteenth century classical New Town more extensive than anything else of its kind in Europe Edinburgh was the capital of an independent kingdom for more than two hundred and fifty years and it has the air of a capital with buildings where kings were born or where some of their more prominent subjects were assassinated streets once trodden by Mary Queen of Scots and Bonnie Prince Charlie and a rich artistic life that comes into exhilarating full flower in August with the

Edinburgh Festival Edinburgh is also the gateway to some of the most spectacularly beautiful country in Britain lying southward is the romantic landscape of the Borders where Alexander Youngson is an admirable guide to the ruined abbeys the castles that have withstood countless sieges and the great houses still owned by families that the Flood could not wash away A J YOUNGSON is former chairman of the Fine Art Commission for Scotland
