Two main criteria have guided the selection and presentation of the material for this text book Firstly there is the claim that sociology is a science Throughout the emphasis has been on presenting sociological perspectives rather than conveying a mass of factual information Science is essentially analytical And sociology if it is to justify its claim to be a science must be more than simply political arithmetic counting heads and providing demographic data for governments Secondly science like other intellectual activities can be exciting The emphasis throughout is on the sociological study of industrial society with particular reference to modern England After an introductory discussion of sociological perspectives there are chapters on each of the major sub systems of society the family the educational system the economy the political system and belief systems The book ends with three chapters on major social processes social differentiation and stratification organization and finally social change including a discussion of deviancy and disorganization

Redeeming the Southern Family Scott Stephan, 2011-12-01

In the years leading up to the Civil War southern evangelical denominations moved from the fringes to the mainstream of the American South Scott Stephan argues that female Baptists Methodists and Presbyterians played a crucial role in this transformation While other scholars have pursued studies of southern evangelicalism in the context of churches meetinghouses and revivals Stephan looks at the domestic rituals over which southern women had increasing authority from consecrating newborns to God's care to ushering dying kin through life's final stages Laymen and clergymen alike celebrated the contributions of these pious women to the experience and expansion of evangelicalism across the South This acknowledged domestic authority

allowed some women to take on more public roles in the conversion and education of southern youth within churches and academies although always in the name of family and always cloaked in the language of Christian self abnegation At the same time however women s work in the name of domestic devotion often put them at odds with slaves children or husbands in their households who failed to meet their religious expectations and thereby jeopardized evangelical hopes of heavenly reunification of the family Stephan uses the journals and correspondence of evangelical women from across the South to understand the interconnectedness of women s personal family and public piety Rather than seeing evangelical women as entirely oppressed or resigned to the limits of their position in a patriarchal slave society Stephan seeks to capture a sense of what agency was available to women through their moral authority
