Brouwer,2016-08-16 I reminded myself that once you start to defend someone it's difficult to find a place to stop But I went ahead and took that first step anyway For President Teddy Roosevelt controlling the east west passage between two oceans mattered so much that he orchestrated a revolution to control it His command was to let the dirt fly and for years the

American Zone of the Panama Canal mesmerized the world working in uneasy co existence with the Panamanian aristocrats It s in this buffered Zone where in 1909 James Holt begins to protect a defenseless girl named Saffire expecting a short and simple search for her mother Instead it draws him away from safety into a land haunted by a history of pirates gold runners and plantation owners all leaving behind ghosts of their interwoven desires sins and ambitions ghosts that create the web of deceit and intrigue of a new generation of revolutionary politics It will also bring him together with a woman who will change his course or bring an end to it A love story set within a historical mystery Saffire brings to life the most impressive and embattled engineering achievement of the twentieth century *Linspired, Kids Edition* Mike Yorkey, Jesse
