Goebel, Eleanor M. Fox, George A. Bermann, Jeffery Atik, Frank Emmert, Damien Gerard, 2015 Hardbound New hardbound print book *Cases and Materials on European Union Law*, 2002 *Introduction to European Union Law* JENS C. DAMMANN, 2019-05-22 This volume offers a concise introduction to European Union law Its main focus is on fundamental concepts of European Union law such as the role of the Court of Justice and the fundamental freedoms However it also contains chapters on the European Union s current challenges such as the euro crisis and Brexit Rather than offering a merely doctrinal account of European Union law this volume adds perspectives from history economics and political sciences Numerous practice questions help students understand the material 1995 Supplement to Cases and Materials on European Community Law George A. Bermann, 1995 The Future of Legal Europe: Will We Trust in It? Gavin Barrett, Jean-Philippe Rageade, Diana Wallis, Heinz Weil, 2021-05-12 With this Liber Amicorum around 50 contributors from the legal and judicial professions from academia and from politics pay tribute to Dr Wolfgang Heusel the Director of the Academy of European Law ERA in Trier from 2000 to 2020 The contributions provide a thorough analysis of some of the most relevant legal and political challenges faced by the European Union including in the fields of data protection rules artificial intelligence the rule of law human rights protection institutional reform of the EU and changes in the legal and judicial professions The book is primarily aimed at postgraduate students legal practitioners and scholars interested in EU legal matters Patterns of Treaty Interpretation as Anti-Fragmentation Tools Liliana E. Popa, 2017-12-29 This book investigates whether treaty interpretation at the ECtHR and WTO which are sometimes perceived as promoting self contained regimes could constitute a means for unifying international law or conversely might exacerbate the fragmentation of international law In this regard the practice of the ICJ on treaty interpretation is used for comparison since the ICJ has made the greatest contribution to the development and clarification of international law rules and principles Providing a critical analysis of cases at the ICJ ECtHR and WTO both prior to and since the adoption of the 1969 Vienna Convention on the Law of Treaties the book reveals how the ECtHR and WTO apply the general rules of treaty interpretation in patterns which are similar to those used by the ICJ to address difficulties in interpreting the text of treaties Viewed in the light of the ECtHR s and WTO s interpretative practices both the VCLT s general rules of interpretation and the ICJ s interpretative practice serve to

counteract the fragmentation of international law

The European Union under Transnational Law Matej

Avbelj, 2018-01-11 For almost a decade the European Union has been stuck in a permanent crisis Starting with domestic constitutional crises followed by an imported financial crisis it has evolved into a fully formed political crisis This book argues that none of the crises are exclusively internal to the EU and the responses to date which have taken inward looking approaches are simply inadequate Resolution can only come when the EU engages more fully with transnational law This highly topical book offers an innovative dual focus on both transnational and EU law together It sets out the relationship between the two frameworks by exploring practical concrete problems that transnational law has posed to the EU These problems are explored from the perspective of four key tenets of both systems namely the rule of law democracy the protection of human rights and justice It does this by advancing the theoretical framework of principled legal pluralism In so doing it offers clear normative guidance as to how the relationship between EU and transnational law should be developed and fostered

The European Court and National Courts Anne Marie Slaughter, Alec Stone Sweet, Joseph Weiler, 1998-03-01

The essays comprising this volume are the outcome of a major and unique project which looks in detail at the application of EC law by national courts and the interaction of the demands of EC law with the constraints imposed by national legal orders and especially national constitutional orders The volume comprises seven country studies which are shaped around a common research protocol These are supplemented by three cross cutting studies which draw on the country studies as well as on broader contextual research work aimed at trying to understand the role of the European Court of Justice in the round The results of this multi national research are certain to provoke widespread interest among scholars of European law international law and European politics for they offer the first systematic and rigorous attempt to assess the impact of the ECJ among the leading member states of the European Union
