Canon Compendium Bob Shell,1994 Canon has its origins in the 1930s when a designer and businessman came together to produce a Japanese 35mm camera that would rival the famous makes from Germany Canon rangefinder cameras and lenses subsequently earned a high reputation for innovation and quality in the 1950s and 60s This achievement was to be repeated with even more resounding success by the Canon SLR camera and lenses which followed In this Canon Compendium Bob Shell describes all the rangefinder and SLR models and their lenses and accessories from a user s and enthusiast s point of view Comprehensive tables of technical data complete this ideal companion for the Canon user and collector *Whitaker's Books in Print* ,1998 [Canon Law Explained](#) Fr. Laurence J. Spiteri ,2014-02-25 Not only inefficiency but frustration disorder anger and injustice threaten all human endeavors no matter how pure their motives or high their ideals That s why successful organizations always create employee handbooks and clear procedure manuals that delineate where authority lies how conflicts are to be resolved and above all how each organization s mission is and is not to be accomplished Is it any wonder then that the Catholic Church comprised not of 200 persons but 1 2 billion members in 200 countries also governs itself by means of a handbook which it calls the Code of Canon Law Because handbooks and manuals concern themselves with the day to day inner working of organizations they often reveal more than do news releases about the actual purposes and genuine spirit of organizations a fact that s particularly true in the case of the Catholic Church Indeed if you want to know the Church for who She is you need to be familiar with the Code of Canon Law Unfortunately it contains over 1 752 rules or canons Among them you ll find fascinating canons that lay out the Church s official principles and procedures governing matters as various as abbots and annulments scandals and Sacraments monks and missions bishops and books priests and popes synods and sacraments homeschoolers hostile witnesses baptisms burials parishes penance confessions Councils impotence imprimaturs and even marriages to the person who murdered your spouse Thankfully Vatican expert and veteran author Fr Laurence Spiteri has in the pages of Canon Law Explained relieved you of the need to read all 1 752 of them fascinating or not Here he acquaints you with the fundamental canons by which the Church seeks to bring about as it declares in the very last canon the purpose all of them serve The salvation of souls which must always be the supreme law in the Church Fr Spiteri s brief but lucid explanations of the origins and meaning of the canons make sense of much that puzzles non Catholics about our Church and that sometimes frustrates even us Catholics As he relates the Church s laws and procedures directly to Christ s command to go forth and teach all nations and to the role those laws and procedures play in your salvation and mine Fr Spiteri transforms what seem to be dry as dust rules into the sweet waters of salvation If you want to know the Church for who She is and to love Her more Canon Law Explained is the book for you **A Complete Manual of Canon Law** Oswald Joseph Reichel,1896 **A Complete Manual of Canon Law** Oswald Joseph Reichel,1896 *A Complete Manual of Canon Law...
