Stock Photography Robert Kneschke,2014-04-25 Make Money Selling Photos Online The must have on stock photography in its third edition revised and extended new and up to date content and finally in English Getting the equipment right selecting the perfect subject working with models choosing the right keywords finding an adequate agency All you need to know about workflows and licensing models With an additional chapter on US Copyright Law Basics by Nancy E Wolf Stock photography is getting more and more popular Predictably so with magazines publishing houses and advertising agencies but even more so with private persons who for instance buy stock photos in order to use them on their websites For you to be a successful stock photographer though it takes more than just uploading your latest holiday snapshots on the website of whatever agency In this completely revised edition of his German language bestseller Robert Kneschke a German bestselling author well known blogger and successful stock photographer demonstrates what a good stock photo is all about and what you can do to make it sell Newcomers eager to earn just a little extra money will benefit from reading the book as well as amateur photographers who have been selling photos for years and are now aiming for the professional champions league The book is divided in two parts Taking Photos and Selling Photos The first part focuses on technical aspects of the shooting and presents perfect examples of lovely popular and attractive images which will easily sell It deals with Props locations and the different ways of working with models and it gives brief overviews of stock audio and stock video This part is supplemented with an additional chapter on US Copyright Law Basics for Photographers

written by Nancy E Wolff a practicing lawyer for more than twenty years Legal Counsel of the Picture Archive Council of America PACA and author of The Professional Photographer s Legal Handbook The second part of the book introduces the reader into the necessary routine and workflow he or she should follow as a professional stock photographer Keywording and statistics though often underestimated are essential parts of a stock photographer s job so Robert Kneschke deals with them extensively and thoroughly The author also lists the most popular agencies weighs their pros and cons and shows the various licensing models on the market Real world examples of stock photographers and their earnings and interviews with them allow the reader an even deeper insight into the business mechanics of stock photography If you are looking for advice on how to find your way around as a professional in a highly competitive market and how to make money with your own photos this classic by Robert Kneschke is the book to consult Testimonials referring to previous editions I ve said it before and I ll say it again This book is definitely THE classic on stock photography in the German language book market fotografr de This is the book for people who are serious about making money with their own photos The author himself is making a living from taking photos and selling them So he knows what he is writing about I assume there are very few people who know so much about the different ways of licensing and selling with all sorts of microstock agencies involved DigitalPhoto Robert Kneschke quite impressively shows in his book that stock photography is more than just trying to sell holiday and animal photos Going far beyond such topics as choosing the right subject and technical details of the actual shooting the book gives professional advice on legal matters key wording as well as well grounded background information on how to eventually make money with your own photos Chip

Basic Cinematography Kurt Lancaster, 2019-03-07 The cinematographer must translate the ideas and emotions contained in a script into something that can be physically seen and felt onscreen helping the director to fulfil the vision of the film The shots may look good but they will not serve the story until the composition lenses and lighting express enhance and reveal the underlying emotions and subtext of the story By making physical the ideas and emotions of the story the cinematographer supports blocking as a visual form of the story through these tools Rather than delve into technical training Basic Cinematography helps to train the eye and heart of cinematographers as visual storytellers providing them with a strong foundation for their work so that they re ready with creative ideas and choices on set in order to make compelling images that support the story The book includes tools tables and worksheets on how to enhance students and experienced filmmakers with strong visual storytelling possibilities including such features as Dramatic script analysis that will help unlock blocking composition and lighting ideas that reveal the visual story Ten tools of composition Psychological impact of lenses shot sizes and camera movement Six elements of lighting for visual storytelling What to look for beneath the hood of cameras including using camera log RAW and LUTs Dramatic analysis chart and scene composition chart to help plan your shoots Case studies from such visually cinematic shows and documentaries as Netflix s Godless Jessica Jones The Crown and Chef s Table as well as examples from classroom exercises Features insights from the DP of Jessica Jones Manuel Billeter

and the DP of Chef s Table Adam Bricker **Canon EOS 5D Mark III Digital Field Guide** Charlotte K. Lowrie,2012-06-20
