Globaletics and Radicant Aesthetics in Australian Fiction Salhia Ben-Messahel, 2018-01-23 This book focuses on the issues of space, culture and identity in recent Australian fiction. It discusses the work of 15 authors to show that in Australia the meaning of country remains critical and cultural belonging is still a difficult process. Interrogating the definition of Australia as a post colonial nation and its underlying extension from Britain it applies Nicolas Bourriaud's concept of the Radicant to examine Australian writing beyond the post of post colonialism. The book shows that some authors are engaged in writing about the country and the time in which they live but that they also share common critical views on the definition of multiculturalism, the belonging to place and integration in the nation. The volume suggests that theories of cultural hybridism presented as a decolonising methodology in fact dissolve singularity in the same way that globalisation creates standardisation. It argues that 21st century Australian fiction depicts the subject as a radicant and that Australian culture constitutes a mobile entity unconnected to any soil.

The Outback Within Mark Byrne, 2016-09-23 What is it about the Australian outback? For nearly two centuries narratives of outback journeys have been suffused with the aura of death. Why? It is not just that the desert is big, dry, hot and apparently empty. The outback is Australia's mythological crucible and journeys there have become rites of passage. It is where settler Australians go to die and perhaps be reborn. This book explores the landscape of this evolving national mythology. It argues that a more conscious engagement with the process of symbolic death and rebirth is needed for Australians to enter into a deeper understanding of themselves and their relationship to the land and its Indigenous people.

Dissolve Nikki Gemmell, 2021-07-28 Every woman on Earth should read it. Caroline Overington Weekend Australian. Having lived through the humiliation and bewildering complexity of heartbreak in her twenties, Nikki Gemmell eventually resurfaced, reclaimed space for herself and found her voice. Decades later she has written a deeply personal, profoundly intimate reflection on love and female creativity and what happens when the two collide in a man's world. *Dissolve* is a conversation. A conversation with the young women of Gemmell's teenage daughter's generation and of course with men. Reading this memoir is like therapy for
