Overman, 2014-10-14 This provocative critique of the youth sports movement examines the various issues surrounding children in sports and provides a plan for reform based on a change in philosophy and practice Many American children spend more than 20 hours a week in organized sports forgoing free time and unstructured recreational activities for the rigors of training and competition This book offers a comprehensive critique of the youth sports movement pitting the reality of adult run sports programs against the needs and interests of children It examines whether the tradeoff
