The Qing Dynasty and Traditional Chinese Culture Richard J. Smith, 2015-10-23 The Qing dynasty 1636 1912 a crucial bridge between traditional and modern China was remarkable for its expansiveness and cultural sophistication This engaging and insightful history of Qing political social and cultural life traces the complex interaction between the Inner Asian traditions of the Manchus who conquered China in 1644 and indigenous Chinese cultural traditions Noted historian Richard J Smith argues that the pragmatic Qing emperors presented a Chinese face to their subjects who lived south of the Great Wall and other ethnic faces particularly Manchu Mongolian Central Asian and Tibetan to subjects in other parts of their vast multicultural empire They were attracted by many aspects of Chinese culture but far from being completely sinicized as many scholars argue they were also proud of their own cultural traditions and interested in other cultures as well Setting Qing dynasty culture in historical and global perspective Smith shows how the Chinese of the era viewed the world how their outlook was expressed in their institutions material culture and customs and how China s preoccupation with order unity and harmony contributed to the civilization s remarkable cohesiveness and continuity

Zupanov,2019-05-15 Through its missionary pedagogical and scientific accomplishments the Society of Jesus known as the Jesuits became one of the first institutions with a truly global reach in practice and intention The Oxford Handbook of the Jesuits offers a critical assessment of the Order helping to chart new directions for research at a time when there is renewed interest in Jesuit studies In particular the Handbook examines their resilient dynamism and innovative spirit grounded in Catholic theology and Christian spirituality but also profoundly rooted in society and cultural institutions It also explores Jesuit contributions to education the arts politics and theology among others Pazazz Nina Edwards,2023-04-19 From bridal wear to the Ku Klux Klan an exploration of the complex meanings of white clothing throughout history sometimes a symbol of purity but also of class superiority privilege and the display of leisure Bookseller A tour d horizon of white raiment through the ages Wall Street Journal *A Fashionable Century* Rachel Silberstein,2020-06-30 Honorable Mention for the 2023 Bei Shan Tang Monograph Prize sponsored by the Association for Asian Studies An innovative look at late Qing cultural and fashion history Clothing and accessories from nineteenth century China reveal much about women s participation in the commercialization of textile handicrafts and the flourishing of urban popular culture Focusing on women s work and fashion A Fashionable Century presents an array of visually compelling clothing and accessories neglected by traditional histories of Chinese dress examining these products potential to illuminate issues of gender and identity In the late Qing the expansion of production systems and market economies transformed the Chinese fashion system widening access to fashionable techniques materials and imagery Challenging the conventional production model in which women embroidered items at home Silberstein sets fashion within a process of commercialization that created networks of urban guilds commercial workshops and subcontracted female workers These networks gave rise to new trends influenced by performance and prints and they offered women opportunities to participate in fashion and contribute to local economies and cultures Rachel Silberstein draws on vernacular and commercial sources rather than on the official and imperial texts prevalent in Chinese

dress history to demonstrate that in these fascinating objects regulated by market desires rather than imperial edict fashion formed at the intersection of commerce and culture A Fashionable Century is the winner of the Costume Society of America's Millia Davenport Publication Award and was long listed for the Textile Society of America's R L Shep Award The judges described the book as an extraordinary achievement in scholarship working with source materials that are little known outside of China and not otherwise available in English
