The Girl From Shanghai Ghetto Johnson Wu, 2023-03-06 This gripping historical novel is based on true stories It has been longlisted for the 2022 Guernica Prize for Literary Fiction The sweeping saga narrates a Jewish girl Nina goes through many wars by six mighty rivers in six countries Nina is born by the Rhine River in Germany She is only eight when the notorious Kristallnacht occurs on November 9 1938 Immediately after Nina escapes from Nazi Germany to London alone by British Kindertransport program and lives near the Thames River in UK Nina never knows she will struggle and grow up in the Shanghai ghetto by the Huangpu River in China during WWII Nina can t imagine she will confront more deadly wars in Israel

US and Canada Even though she experiences the romance from her first love to faulty love to true love all in extraordinary ways does Nina survive those serious life or death challenges Nina s fascinating life coincides with some of the major historical events of the twentieth century from WWII to the attack of 9 11 The Girl From Shanghai Ghetto is like a cinematic epic legend which looks back at history and shows humanity s glory that transcends hatred and pursues peace *The Unprotected Class* Jeremy Carl,2024-04-23 Anti white racism undisguised and unembarrassed is now official policy in America One class of citizens whites is openly discriminated against in every sphere of public and private life The Unprotected Class is a comprehensive explanation of how we got here and what we must do to correct a manifest and dangerous injustice Launched with an appeal to justice for all the civil rights movement went off the rails even as it achieved its original goals Soon its excesses and failures were exploited to justify discrimination against whites in business education law entertainment and even the church With the death of George Floyd and the shedding of all pretense of racial justice vindictiveness resentment and hatred were unleashed in America *The Plot to Change America* Mike Gonzalez,2022-06-14 The Plot to Change America exposes the myths that help identity politics perpetuate itself This book reveals what has really happened explains why it is urgent to change course and offers a strategy to do so Though we should not fool ourselves into thinking that it will be easy to eliminate identity politics we should not overthink it either Identity politics relies on the creation of groups and then on giving people incentives to adhere to them If we eliminate group making and the enticements we can get rid of identity politics The first myth that this book exposes is that identity politics is a grassroots movement when from the beginning it has been and continues to be an elite project For too long we have lived with the fairy tale that America has organically grown into a nation gripped by victimhood and identitarian division that it is all the result of legitimate demands by minorities for recognition or restitutions for past wrongs The second myth is that identity politics is a response to the demographic change this country has undergone since immigration laws were radically changed in 1965 Another myth we are told is that to fight these changes is as depraved as it is futile since by 2040 America will be a minority majority country anyway This book helps to explain that none of these things are necessarily true **How to Raise a Conservative Daughter** Michelle Easton,2021-07-06 In a long career devoted to equipping the next generation of conservative women for leadership Michelle Easton has worked with thousands of students and young professionals Their backgrounds are as varied as America itself but in each girl s life something went right It is possible Easton shows to nurture lasting values in your daughter Her tested and sometimes counter intuitive techniques will strengthen your daughter s heart and mind There are no guarantees but savvy determined and loving parents have more than a fighting chance of raising the wives mothers and leaders our country so desperately needs adapted from jacket **Ghetto Images in Twentieth-Century American Literature** Tyrone R. Simpson II,2012-01-30 This book explores how six American writers have artistically responded to the racialization of U S frostbelt cities in the twentieth century Using the critical tools of spatial theory critical race theory urban

history and sociology Simpson explains how these writers imagine the subjective response to the race making power of space
