Controversial Therapies for Autism and Intellectual Disabilities Richard M. Foxx, James A. Mulick, 2015-10-14 One of the largest and most complex human services systems in history has evolved to address the needs of people with autism and intellectual disabilities yet important questions remain for many professionals administrators and parents What approaches to early intervention education treatment therapy and remediation really help those with autism and other intellectual disabilities improve their functioning and adaptation Alternatively what approaches represent wastes of time effort and resources *Controversial Therapies for Autism and Intellectual Disabilities 2nd Edition* brings together leading behavioral scientists and practitioners to shed much needed light on the major controversies surrounding these questions Expert authors review the origins perpetuation and resistance to scrutiny of questionable practices and offer a clear rationale for appraising the quality of various services The second edition of *Controversial Therapies for Autism and Intellectual Disabilities* has been fully revised and updated and includes entirely new chapters on psychology fads why applied behavioral analysis is not a fad rapid prompting relationship therapies the gluten free casein free diet evidence based practices state government regulation of behavioral treatment teaching ethics and a parents primer for autism treatments

Lemon-Aid New and Used Cars and Trucks 2007-2018 Phil Edmonston, 2018-02-03 Steers buyers through the the confusion and anxiety of new and used vehicle purchases like no other car and truck book on the market Dr Phil along with George Iny and the Editors of the Automobile Protection Association pull no punches *If You're in a Dogfight, Become a Cat!* Leonard Sherman, 2017-01-10 Businesses often find themselves trapped in a competitive dogfight scratching and clawing for market share with products consumers view as largely undifferentiated Conventional wisdom suggests that dogfights are to be expected as marketplaces mature giving rise to the notion that there are bad industries where it is unlikely that any company can succeed But there are notable exceptions in which enlightened executives have

changed the rules to grasp the holy grail of business long term profitable growth Rather than joining the dogfights raging within their industry companies such as Apple FedEx and Starbucks have chosen to become metaphorical cats continuously renewing their distinctive strategies to compete on their own terms In *If You're in a Dogfight Become a Cat* Leonard Sherman draws on four decades of experience in management consulting venture capital and teaching business strategy at Columbia Business School to share practical advice on two of the most vexing issues facing business executives why is it so hard to achieve long term profitable growth and what can companies do to break away from the pack Sherman takes the reader on a provocative journey through the building blocks of business strategy by challenging conventional wisdom on a number of questions that will redefine management best practices What should be the overarching purpose of your business Do you really know what your strategy is Is there such a thing as a bad industry Where do great ideas come from and how do I find them What makes products meaningfully different What makes and breaks great brands How and when should I disrupt my own company What are the imperatives to achieving long term profitable growth Filled with dozens of illustrative examples of inspiring successes and dispiriting falls from grace this book provides deep insights on how to become the cat in a dogfight whether you are a CEO mid level manager aspiring business school student or curious observer interested in achieving sustained profitable growth

Lincoln's Greatcoat Reignette G. Chilton, 2019-04-11 Brooks Brothers crafted Abraham Lincoln's greatcoat in honor of the president's second inauguration The coat's wool was finer than cashmere Its quilted silk lining bore an embroidered banner that read One Country One Destiny Lincoln wore the garment when he was assassinated on April 14 1865 After his death Mrs Lincoln gave the greatcoat to a faithful doorkeeper The coat was returned to Ford's Theatre more than a century after her bequest but not before it underwent a mysterious journey This book recounts that journey as a reminder of the 16th president and his call to bind up wounds and care for others

Popular Science, 2007-05 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better
