China Forever The Shaw Brothers And Diasporic Cinema:

China Forever Poshek Fu, 2008 The transnational history and cultural politics of the Shaw Brothers movie empire

Queer Sinophone Cultures Howard Chiang, Ari Larissa Heinrich, 2013-11-26 The Sinophone framework emphasises the diversity of Chinese speaking communities and cultures and seeks to move beyond a binary model of China and the West. Indeed this strikingly resembles attempts within the queer studies movement to challenge the dimorphisms of sex and gender. Bringing together two areas of study that tend to be marginalised within their home disciplines *Queer Sinophone Cultures* innovatively advances both Sinophone studies and queer studies. It not only examines film and literature from Mainland China but expands its scope to encompass the underrepresented Sinophone world at large in this case Taiwan Hong Kong Malaysia Singapore and beyond. Further where queer studies in the U S Europe and Australia often ignore non Western cultural phenomena this book focuses squarely on Sinophone queerness providing fresh critical analyses of a range of topics from works by the famous director Tsai Ming Liang to the history of same sex soft core pornography made by the renowned Shaw Brothers Studios. By instigating a dialogue between Sinophone studies and queer studies this book will have broad appeal to students and scholars of modern and contemporary China studies particularly to those interested in film literature media and performance. It will also be of great interest to those interested in queer studies more broadly. The Oxford Handbook of Chinese Cinemas Carlos Rojas, Eileen Chow, 2013-04-25 What does it mean for a cinematic work to be Chinese? Does it refer specifically to a work's subject or does it also reflect considerations of language ethnicity nationality ideology or political orientation? Such questions make any single approach to a vast field like Chinese cinema difficult at best. Accordingly *The Oxford Handbook of Chinese Cinemas* situates the term more broadly among various different phases genres and distinct national configurations while taking care to address the consequences of grouping together so many disparate histories under a single banner. Offering both a platform for cross disciplinary dialogue and a mapping of Chinese cinema as an expanded field this Handbook presents thirty three essays by leading researchers and scholars intent on yielding new insights and new analyses using three different methodologies. Chapters in Part I investigate the historical periodizations of the field through changing notions of national and political identity all the way from the industry's beginnings in the 1920s up to its current forms in contemporary Hong Kong Taiwan and the global diaspora. Chapters in Part II feature studies centered on the field's taxonomical formalities including such topics as the role of the Chinese opera in technological innovation the political logic of the Maoist film and the psychoanalytic formula of the kung fu action film. Finally in Part III focus is given to the structural elements that comprise a work's production distribution and reception to reveal the broader cinematic apparatuses within which these works are positioned. Taken together the multipronged approach supports a wider platform beyond the geopolitical and linguistic limitations in existing scholarship. Expertly edited to illustrate a representative set of up to date topics and approaches *The Oxford Handbook of Chinese Cinemas* provides a vital addition to a burgeoning field.

still in its formative stages **Transpacific Attachments** Lily Wong, 2018-02-06 The figure of the Chinese sex worker who provokes both disdain and desire has become a trope for both Asian American sexuality and Asian modernity Lingering in the cultural imagination sex workers link sexual and cultural marginality and their tales clarify the boundaries of citizenship nationalism and internationalism In *Transpacific Attachments* Lily Wong studies the mobility and mobilization of the sex worker figure through transpacific media networks illuminating the intersectional politics of racial sexual and class structures *Transpacific Attachments* examines shifting depictions of Chinese sex workers in popular media from literature to film to new media that have circulated within the United States China and Sinophone communities from the early twentieth century to the present Wong explores Asian American writers articulation of transnational belonging early Hollywood's depiction of Chinese women as parasitic prostitutes and Chinese cinema's reframing the figure as a call for reform Cold War era use of prostitute and courtesan metaphors to question nationalist narratives and heteronormativity and images of immigrant brides against the backdrop of neoliberalism and the flows of transnational capital She focuses on the transpacific networks that reconfigure Chineseness complicating a diasporic framework of cultural authenticity While imaginations of a global community have long been mobilized through romantic erotic and gendered representations Wong stresses the significant role sex work plays in the constant restructuring of social relations Chineseness the figure of the sex worker shows is an affective product as much as an ethnic or cultural signifier **Rethinking Transnational Chinese Cinemas** Jeremy E. Taylor, 2020-11-25 The Amoy dialect film industry emerged in the 1950s producing cheap B grade films in Hong Kong for direct export to the theatres of Manila Chinatown southern Taiwan and Singapore Films made in Amoy dialect a dialect of Chinese reflected a particular period in the history of the Chinese diaspora and have been little studied due to their ambiguous place within the wider realm of Chinese and East Asian film history This book represents the first full length critical study of the origin significant rise and rapid decline of the Amoy dialect film industry Rather than examining the industry for its own sake however this book focuses on its broader cultural political and economic significance in the region It questions many of the assumptions currently made about the recentness of transnationalism in Chinese cultural production particularly when addressing Chinese cinema in the Cold War years as well as the prominence given to the nation and transnationalism in studies of Chinese cinemas and of the Chinese Diaspora By examining a cinema that did not fit many of the scholarly models of transnationalism that was not grounded in any particular national tradition of filmmaking and that was largely unconcerned with nation building in post war Southeast Asia this book challenges the ways in which the history of Chinese cinemas has been studied in the recent past **Fighting without Fighting** Luke White, 2022-07-11 From classic Bruce Lee films to the comedies of Jackie Chan a vibrant look at the enduring fascination with the kung fu cinema of Hong Kong In the spring and summer of 1973 a wave of martial arts movies from Hong Kong epitomized by Bruce Lee's *Enter the Dragon* smashed box office records for foreign language films in America and ignited a kung fu craze that swept the world

Fighting without Fighting explores this dramatic phenomenon and it argues that more than just a cinematic fad the West's sudden fascination with and moral panic about the Asian fighting arts left lasting legacies still present today The book traces the background of the craze in the longer development of Hong Kong's martial arts cinema It discusses the key films in detail as well as their popular reception and the debates they ignited where kung fu challenged Western identities and raised anxieties about violence both on and off screen And it examines the proliferation of ideas and images from these films in fields as diverse as popular music superhero franchises children's cartoons and contemporary art Illuminating and accessible Fighting without Fighting draws a vivid bridge between East and West

Milkyway Image Yi Sun, 2021-09-01 This book adopts an integrative research framework that primarily combines industrial and discourse analysis to investigate the company Milkyway Image drawing upon literature that studies film studios and the practices of film production distribution and reception The history of the Hong Kong based film production company Milkyway Image from its founding in 1996 to the present exemplifies the metamorphosis of the post return Hong Kong film industry to an era characterised by Hong Kong's integration into a Chinese national context and the transnationalisation of world cinema It shows that contemporary Hong Kong cinema's transition resists a monolithic chronicle and instead represents a narrative combining the perspectives of different interest groups and a complex process of compliance and resistance negotiation and contestation The meaning of Milkyway's films shifts as they are circulated across cultures and viewed within diverse frameworks and our understanding of Hong Kong cinema is subject to varying contexts and historical configurations For researchers in film and media studies and those who have a general interest in Hong Kong cinema Asian cinema or contemporary film culture this book reveals how a variety of industry and cultural bodies have become co creators of meaning for a film production house and how the
