China Grijs China Buigend Bamboe De Koude Heuvels Van Mongolie:

China Carolijn Visser, 1997 China Carolijn Visser, 2010-02-01 In China zijn de drie succesboeken en enkele losse verhalen die Carolijn Visser over dit immense land schreef bijeengebracht In Grijs China haar debuut reist ze direct na de Culturele Revolutie in haar eentje per trein bus en boot door China en krijgt zo een beeld van het uitzichtloze bestaan van de Chinezen onder Mao's terreur **Boekblad**, 1997 *Uit het moeras* Carolijn Visser, 2000 Brinkman's catalogus van boeken en tijdschriften, 2001 With 1901 1910 1956 1960 Repertorium is bound Brinkman's Titel catalogus van de gedurende 1901 1910 1956 1960 Title varies slightly **Across Mongolian Plains: a Naturalist's Account of China's 'Great Northwest'** Roy Chapman Andrews, 1921-01-01 The romantic story of the Mongols and their achievements has been written so completely that it is unnecessary to repeat it here even though it is as fascinating as a tale from the Arabian Nights The present status of the country however is but little known to the western world In a few words I will endeavor to sketch the recent political developments some of which occurred while we were in Mongolia In the twelfth and thirteenth centuries the great Genghiz Khan and his illustrious successor Kublai Khan almost in a night erected the greatest empire the world has ever seen Not only did they conquer all of Asia but they advanced in Europe as far as the Dnieper leaving behind a trail of blood and slaughter All Europe rose against them but what could not be accomplished by force of arms was wrought in the Mongols themselves by an excess of luxury In their victorious advance great stores of treasure fell into their hands and they gave themselves to a life of ease and indulgence By nature the Mongols were hard riding hard living warriors accustomed to privation and fatigue The poison of luxury ate into the very fibers of their being and gradually they lost the characteristics which had made them great The ruin of the race was completed by the introduction of Lamaism a religion which carries only moral destruction where it enters and eventually the Mongols passed under the rule of the once conquered Chinese and then under the Manchus Until the overthrow of the Manchu regime in China in 1911 and the establishment of the present republic there were no particularly significant events in Mongolian history But at that time the Russians wishing to create a buffer state between themselves and China as well as to obtain special commercial privileges in Mongolia aided the Mongols in rebellion furnished them with arms and ammunition and with officers to train their men **Across Mongolian Plains** Roy Chapman Andrews, 1921 Roy Chapman Andrews travel diary of his famed Mongolian Expedition in the early 20th Century It has all the daring adventure thrilling escapades and exotic settings of a grand pulp adventure story which is fitting as Andrews' famed exploits neatly coincided with the boom in the pulp adventure genre Andrews and his exploits provided creative fodder for the pulp writers most of whom had never ventured into the exotic wilds they wrote about **Across Mongolian Plains a Naturalist's Account of China's 'Great Northwest'** Andrews Roy Chapman, 2016-06-23 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep

the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy **Across Mongolian Plains** Roy Chapman Andrews, 2017-11-18 Excerpt from Across Mongolian Plains A Naturalist's Account of China's Great Northwest Having made extensive collections along the southeast ern edge of the great central Asian plateau it was especially desirable to obtain a representation of the fauna from the northeastern part in preparation for the great expedition which I am glad to say is now in course of preparation and which will conduct work in various other branches of science Consequently my wife and I spent one of the most delightful years of our lives in Mongolia and North China on the Second Asiatic Expedition of the American Museum of Natural History About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
