concepts such as the Unus Mundus from mystical and alchemical traditions that work at a more essential or non dual level to unite seeming opposites facilitate the coming together of all of these varied perspectives in his framing of the space time dreaming concept experientially accessible as The Dance of the Ancient One Each chapter contains either an exercise to do in pairs or a small group or an inner work exercise so that you can facilitate yourself and experience the space time dreaming states directly Transcripts of discussions with his students are distributed throughout the book and engagingly contribute to a diverse and resonant learning experience
