Joshua K. Wright

Cogic 2014 Holy Convocation 2014:

Empire and Black Images in Popular Culture Joshua K. Wright, 2018-05-12 FOX's musical drama Empire has been hailed as the savior of broadcast television drawing 15 million viewers a week. A hip hop opera inspired by Shakespeare's King Lear and 1980s prime time soap Dynasty, the series is at the forefront of a black popular culture Renaissance yet has stirred controversy in the black community. Is Empire shifting paradigms or promoting pernicious stereotypes? Examining the evolution and potency of black images in popular culture, the author explores Empire's place in a diverse body of literature and media data and discussions on respectability.

Flaming? Alisha Lola Jones, 2020-06-09 Male-centered theology, a dearth of men in the pews, and an overrepresentation of queer males in music ministry: these elements coexist within the spaces of historically black Protestant churches, creating an atmosphere where simultaneous heteropatriarchy and real masculinity anxieties, archetypes of the alpha male preacher, the effeminate choir director, and homo antagonism are all in play. The flamboyant male vocalists formed in the black Pentecostal music ministry tradition, through their vocal styles, gestures, and attire in church services, display a spectrum of gender performances from hyper-masculine to feminine, masculine to their fellow worshippers, subtly protesting and critiquing the otherwise heteronormative theology in which the service is entrenched. And while the performativity of these men is characterized by cynics as flaming, a similar musicalized fire that of the Holy Spirit moves through the bodies of Pentecostal worshippers, endowing them religiously, culturally, physically, and spiritually, like fire shut up in their bones. Using the lenses of ethnomusicology, musicology, anthropology, men's studies, queer studies, and theology, *Flaming: The Peculiar Theology of Fire and Desire in Black Male Gospel Performance* observes how male vocalists traverse their tightly knit social networks and negotiate their identities through and beyond the worship experience. Author Alisha Jones ultimately addresses the ways in which gospel music and performance can afford African American men not only greater visibility but also an affirmation of their fitness to minister through speech and song.

Public Theology and Violent Rhetoric Examined in a Queer Womanist Critical Ethnography Teresa L. Smallwood, 2025-01-23 Public theology is an emerging, constructive tool. In its inception, public theology was largely contextualized as the public church. However, this thoughtful and empathetic book situates our publics everywhere. Smallwood contends that those who have been harmed by violent rhetoric from speech actors who would otherwise retain the capacity to have and hold a theology. This different entry point allows for people of faith, those who are and those who are not associated with a particular communion of faith or denominational affiliation, to claim public space for theologizing. Here, public theology is about the capacity of those who are othered to affirmatively express their faith and to critically engage with those who would deny and denigrate their ontology. Enduring hardship as a good soldier does not mean exposing oneself to verbal abuse week after week. Many LGBTQIA persons are assaulted, degraded, humiliated, and derogated from the pulpits and podiums of places of worship. This abuse caused many to turn away from their faith. Those who withstood protracted

verbal abuse turned it inward and began to hate themselves Through ethnography Smallwood tackles these tough truths and engages with LGBTQIA persons This book critically examines both the harm done to them and the help that is to come from a paradigmatic shift in care Smallwood emphasises how spiritual self assessment ritual and indigenous spiritual practices offer a way to wholeness and healing Drawing from Yoruba epistemology this work offers a framework for rebirth renewal and reclamation
