De Bello Lemures Or The Roman War Against The Zombies Of Armorica:

De Bello Lemures, Or The Roman War Against the Zombies of Armorica Lucius Artorius Castus, 2009-10-24 Roman legionaries battle zombies raised from the grave by an ancient Druidic curse A recovered Latin text tells the story of a struggle between Roman legionaries and the undead in 185 AD Lucius Artorius Castus leads an expedition to Gaul to defeat a rebellion against the rule of the Emperor Commodus and gets more than he bargained for when his enemies rise from the dead to fight again The power of the zombie horde is amplified by the chaos of Ancient Rome's competing religions and superstitions and the terror the undead bring in their wake foreshadows the incipient medieval darkness already creeping into the world at the end of Rome's Antonine age Richly annotated this mashup of survival horror and alternate history takes the reader on a bracing journey into one of ancient Rome's dark corners **Books of the Dead** Tim

Lanzendörfer, 2018-08-08 The zombie has cropped up in many forms in film in television and as a cultural phenomenon in zombie walks and zombie awareness months but few books have looked at what the zombie means in fiction Tim Lanzendörfer fills this gap by looking at a number of zombie novels short stories and comics and probing what the zombie represents in contemporary literature Lanzendörfer brings together the most recent critical discussion of zombies and applies it to a selection of key texts including Max Brooks's World War Z Colson Whitehead's Zone One Junot Díaz's short story Monstro Robert Kirkman's comic series The Walking Dead and Seth Grahame-Smith's Pride and Prejudice and Zombies Within the context of broader literary culture Lanzendörfer makes the case for reading these texts with care and openness in their own right Lanzendörfer contends that what zombies do is less important than what becomes possible when they are around Indeed they seem less interesting as metaphors for the various ways the world could end than they do as vehicles for how the world might exist in a different and often better form
