

The background of the slide is a collage of US dollar bills and stars. A large, light green rectangular box with a thin red border is centered in the upper half. Inside this box, the title is written in a serif font. The words 'DEMOCRACY,' and 'AMERICA,' are in dark blue, while 'and THE AGE of' are in red. 'GLOBALIZATION' is in dark blue. Below the title, the author's name 'Jay R. Mandle' is written in dark blue. The background outside the box shows a close-up of US dollar bills, including a one-dollar bill with George Washington's portrait and a five-dollar bill with Abraham Lincoln's portrait. A large white star is visible on a dark blue background. The top and bottom of the slide are decorated with a row of white stars on a dark blue background.

Democracy, America, and the Age of Globalization Jay R. Mandle, 2007-11-05 Because political campaigns in the United States are privately funded America's political system is heavily biased toward the interests of wealthy campaign contributors As a result government policies have largely ignored the growth in income inequality caused by technological change and economic globalization This omission has been tolerated because most Americans do not support interventionist government policies They believe that the government serves the interests of the campaign donors rather than the public This skepticism concerning the public sector's fairness must be overcome before effective programs to offset mounting inequality can be implemented Though in recent years legislation to reform the financing of political campaigns has been adopted private wealth continues to dominate the political process Political cynicism therefore persists A voluntary system of public funding of candidates for office is required to generate the trust in the public sector necessary to reverse the trend toward inequality

Poverty and Power Edward Royce, 2009 Poverty and Power suggests that today's poverty results from deep rooted disparities in income wealth and power The rate and severity of poverty remain high because millions of Americans are trapped in low wage jobs inadequately served by government policy excluded from mainstream policy debates and victimized by discrimination and social exclusion

Authoritarian Capitalism in the Age of Globalization Peter Bloom, 2023-02-14 Authoritarian capitalism is rapidly evolving intensifying and spreading across the globe This updated second edition book demonstrates that the recent resurgence of fascism and repressive democracies are connected to and symptomatic of the fundamental authoritarianism of capitalism

The Third World in the Age of Globalization Ash Narain Roy, 1999 In the new unipolar world of globalisation the bargaining power and sense of solidarity of Third World countries have never been weaker But their shared problems this author argues remain a reality which requires political expression But does the Third World still even exist What role if any can it have in the 21st century's new topography of power And with what agenda These are the critical questions explored These questions lead the author into his second theme

Latin America has long had to confront how to conduct its relations with an over mighty neighbour the USA It may now be well placed to help developing countries concert together To this end the author explores modern Latin American history with emphasis on the changes wrought in the 1980s and 90s in the context of the continent s wider relations with the Third World and the USA The result is an insightful account of where developing countries now are and how they might seek to reassert themselves in order to defend their interests in the new world order

Labor and Capital in the Age of Globalization Berch Berberoglu,2002 This book offers a timely analysis of work and labor processes and how they are rapidly changing under globalization The contributors explore traditional sectors of the U S and world economies from auto to steel to agriculture as well as work under new production arrangements such as third world export processing zones Many chapters analyze changing dynamics of gender nationality and class The contributors explain why more intensified forms of control by the state and by capital interests are emerging under globalization Yet they also emphasize new possibilities for labor including new forms of organizing and power sharing in a rapidly changing economy

Global Political Economy Kavous Ardalan,2018-12-18 This book applies a multiparadigmatic philosophical frame of analysis to the global political economy Crossing two disciplines and lines of literature social philosophy and global political economy this book considers seven aspects of global political economy and discusses each aspect from four diverse paradigmatic viewpoints functionalist interpretive radical humanist and radical structuralist The four paradigms are founded upon different assumptions about the nature of social science and the nature of society Each paradigm generates theories concepts and analytical tools which are different from those of other paradigms developing an understanding of the different paradigms leads to a better understanding of the multi faceted nature of the subject matter In this book the first chapter reviews the four paradigms Each of the next seven chapters provides four paradigmatic explanations for each of the seven aspects of the global political economy The final chapter concludes by recommending further paradigmatic diversity This book will be of particular interest to students and researchers interested in political economy heterodox economics political science and international relations

China and India in the Age of Globalization Shalendra D. Sharma,2009-07-20 This book explores how the interplay of socio historical political and economic forces has transformed China and India into economic powerhouses

Empire in the Age of Globalisation Ray Kiely,2005-09-20 This book examines the relationship between US hegemony and contemporary globalisation Many introductory textbooks on globalisation tend to be simplistic and conservative This book moves things forward providing a critical review of the globalisation debate Kiely reveals the weaknesses of globalisation theory and argues that we can only approach a proper understanding of the contemporary world order by linking globalisation to debates on capitalism imperialism neo liberalism and universal human rights He explores US hegemony in the light of these issues showing how liberal internationalism cannot be separated from capitalism neo liberalism and US empire building

American Exceptionalism in the Age of Globalization William V. Spanos,2008-01-24 In American

Exceptionalism in the Age of Globalization William V Spanos explores three writers Graham Greene Philip Caputo and Tim O'Brien whose work devastatingly critiques the U S intervention in Vietnam and exposes the brutality of the Vietnam War Utilizing poststructuralist theory particularly that of Heidegger Althusser Foucault and Said Spanos argues that the Vietnam War disclosed the dark underside of the American exceptionalist ethos and in so doing speaks directly to America's war on terror in the aftermath of 9 11 To support this argument Spanos undertakes close readings of Greene's *The Quiet American* Caputo's *A Rumor of War* and O'Brien's *Going After Cacciato* all of which bear witness to the self destruction of American exceptionalism Spanos retrieves the spectral witness that has been suppressed since the war but that now in the wake of the quagmire in Iraq has returned to haunt America's post 9 11 project for the new American century
