Margaret S. Hrezo, John M. Parrish

Democracys Literature Politics And Fiction In America:

Democracy's Literature Patrick J. Deneen, Joseph Romance, 2005 American literature is profoundly almost inescapably political America's most thoughtful authors long ago realized that it was through the novel the novella and the story that philosophic education of America's citizens would best be undertaken In this fascinating new anthology of original essays ten leading scholars explore the ways in which American civic education has been informally advanced through literature Delving into the works of authors ranging from Mark Twain to William Faulkner to Octavia Butler these essays reflect on the close relationship between democracy and literature They convey an understanding that the greatest American literary works are also works of profound philosophical insight Through careful analysis Democracy's Literature illustrates that democracy and literature are natural partners forging a relationship that America's greatest authors have long realized in their subtle efforts to craft a democratic public philosophy

Democracy's Literature Patrick J. Deneen, Joseph Romance, 2005-07-28 American literature is profoundly almost inescapably political America's most thoughtful authors long ago realized that it was through the novel the novella and the story that philosophic education of America's citizens would best be undertaken In this fascinating new anthology of original essays ten leading scholars explore the ways in which American civic education has been informally advanced through literature Delving into the works of authors ranging from Mark Twain to William Faulkner to Octavia Butler these essays reflect on the close relationship between democracy and literature They convey an understanding that the greatest American literary works are also works of profound philosophical insight Through careful analysis Democracy's Literature illustrates that democracy and literature are natural partners forging a relationship that America's greatest authors have long realized in their subtle efforts to craft a democratic public philosophy

A Political Companion to Marilynne Robinson Shannon L. Mariotti, Joseph H. Lane Jr., 2016-11-08 Marilynne Robinson is arguably one of the most important writers of our time Her voice resonates across the richly imagined American landscapes within which she grounds her stories of love and loss alienation and belonging injustice and redemption Robinson's award winning body of work including Gilead winner of the 2005 Pulitzer Prize for Fiction and the National Book Critics Circle Award Home winner of the Orange Prize and the Los Angeles Times Book Prize and Lila winner of the National Book Critics Circle Award has cultivated admiration all over the world offering readers new and profound interpretations of the meanings of transience presence convention and resistance In *A Political Companion to Marilynne Robinson* Shannon L. Mariotti and Joseph H. Lane Jr assemble both rising and established political theorists to explore the juxtaposition of Robinson's nonfiction works and her novels and to examine their connections to contemporary political issues The collection analyzes Robinson's writings on American democracy community and freedom and it includes an engrossing interview with the author specifically conducted for this volume From an exploration of the democratic potential in being a housekeeper of homelessness to a study of models of action against racial injustice this volume provides fascinating new insights into

Robinson's work and how it reflects and reassesses American political culture and theory **The Cambridge Companion to the Twentieth-Century American Novel and Politics** Bryan M. Santin, 2023-10-12 Surveying the relationship between American politics and the twentieth century novel this volume analyzes how political movements ideas and events shaped the American novel It also shows how those political phenomena were shaped in turn by long form prose fiction The book is made up of three major sections The first section considers philosophical ideologies and broad political movements that were both politically and literarily significant in the twentieth century United States including progressive liberalism conservatism socialism and communism feminism and Black liberation movements The second section analyzes the evolving political valences of key popular genres and literary forms in the twentieth century American novel focusing on crime fiction science fiction postmodern metafiction and immigrant fiction The third section examines ten diverse politically minded novels that serve as exemplary case studies across the century Combining detailed literary analysis with innovative political theory this Companion provides a groundbreaking study of the politics of twentieth century American fiction Sinclair Lewis and American Democracy Steven Michels, 2016-10-28 Sinclair Lewis was one of the most astute observers of American social and political life Sinclair Lewis and American Democracy is a highly readable analysis of his novels The book examines each of Lewis's novels on key themes in the history of political thought and democracy including freedom and purpose success and materialism and nationalism and race Lewis is revealed to be an unapologetic individualist and a fierce humanitarian

American Political Culture Michael Shally-Jensen, Mark J. Rozell, Ted G. Jelen, 2015-04-28 This all encompassing encyclopedia provides a broad perspective on U S politics culture and society but also goes beyond the facts to consider the myths ideals and values that help shape and define the nation Demonstrating that political culture is equally rooted in public events internal debates and historical experiences this unique three volume encyclopedia examines an exceptionally broad range of factors shaping modern American politics including popular belief political action and the institutions of power and authority Readers will see how political culture is shaped by the attitudes opinions and behaviors of Americans and how it affects those things in return The set also addresses the issue of American exceptionalism and examines the nation's place in the world both historically and in the 21st century Essays cover pressing matters like congressional gridlock energy policy abortion politics campaign finance Supreme Court rulings immigration crime and punishment and globalization Social and cultural issues such as religion war inequality and privacy rights are discussed as well Perhaps most intriguingly the encyclopedia surveys the fierce ongoing debate between different political camps over the nation's historical development its present identity and its future course By exploring both fact and mythology the work will enable students to form a broad yet nuanced understanding of the full range of forces and issues affecting and affected by the political process **A Political Companion to James Baldwin** Susan J. McWilliams, 2017-11-15 Uniformly excellent essays on the work of the renowned author and his extraordinary relevance in the present moment Choice In seminal works such as Go Tell It on the Mountain

Notes of a Native Son and The Fire Next Time acclaimed author and social critic James Baldwin expresses his profound belief that writers have the power to transform society engage the public and inspire and channel conversation to achieve lasting change While Baldwin is best known for his writings on racial consciousness and injustice he is also one of the country's most eloquent theorists of democratic life and the national psyche In this book prominent scholars assess the prolific author's relevance to present day political challenges Together they address Baldwin as a democratic theorist activist and citizen examining his writings on the civil rights movement religion homosexuality and women's rights They investigate the ways in which his work speaks to and galvanizes a collective American polity and explore his views on the political implications of individual experience in relation to race and gender This volume not only considers Baldwin's works within their own historical context but also applies the author's insights to recent events such as the Obama presidency and the Black Lives Matter movement emphasizing his faith in the connections between the past and present These incisive essays will encourage a new reading of Baldwin that celebrates his significant contributions to political and democratic theory

Damned If You Do Margaret S. Hrezo, John M. Parrish, 2010-01-01 Problems of individual moral choice have always been closely bound up with the larger normative concerns of political theory There are several reasons for this continuing connection First the value conflicts involved in private moral choice often find themselves reproduced on the public stage for example states may find it difficult to do right by both justice and mercy in much the same way individuals do Second we frequently find conflicts among the values at stake in individual life and public life such that the moral choice we must make is between private and public goods Loosely speaking choices which express these conflicts are what philosophers call moral dilemmas choices in which no matter what one does one will be forfeiting some important moral good in which wrongdoing is to some degree inescapable in which one is perhaps literally damned if one does and damned if one doesn't The eight essays collected in this volume explore the philosophical problem of moral dilemmas as that problem finds expression in ancient drama classic and contemporary novels television film and popular fiction They consider four main types of dilemmas In the first section the authors examine dilemmas associated with political stability and regime change as expressed in the HBO television series *Deadwood* and in Stephen King's novels and short stories The second section confronts dilemmas associated with public leadership considering the ethical conflicts in Aeschylus's classical dramas *The Suppliants* Tolkien's *Lord of the Rings* and in the contemporary FOX television series *24* In the volume's third section the authors examine dilemmas of institutional evil specifically slavery as they emerge in Harriet Beecher Stowe's classic novel *Uncle Tom's Cabin* and in J K Rowling's *Harry Potter* novels Finally the collection considers dilemmas of community and choice in Toni Morrison's novel *Paradise* and in the contemporary film *A Simple Plan* *Pop Culture and the Dark Side of the American Dream* Paul A. Cantor, 2019-05-17 The many con men gangsters and drug lords portrayed in popular culture are examples of the dark side of the American dream Viewers are fascinated by these twisted versions of heroic American archetypes like the self made man

and the entrepreneur Applying the critical skills he developed as a Shakespeare scholar Paul A Cantor finds new depth in familiar landmarks of popular culture He invokes Shakespearean models to show that the concept of the tragic hero can help us understand why we are both repelled by and drawn to figures such as Vito and Michael Corleone or Walter White Beginning with Huckleberry Finn and ending with The Walking Dead Cantor also uncovers the link between the American dream and frontier life In imaginative variants of a Wild West setting popular culture has served up disturbing and yet strangely compelling images of what happens when people move beyond the borders of law and order Cantor demonstrates that at its best popular culture raises thoughtful questions about the validity and viability of the American dream thus deepening our understanding of America itself Fictions of Mass Democracy in Nineteenth-Century America Stacey Margolis, 2015-07-23 Fictions of Mass Democracy in Nineteenth Century America examines how mass democracy was understood before public opinion could be measured by polls It argues that fiction in its freedom to represent what resists representation develops the most groundbreaking theories of the democratic public These literary accounts of democracy focus less on overt public action than the profound effects of everyday social encounters This book thus departs from recent scholarship which emphasizes the responsibilities of citizenship and the achievements of oppositional social movements It demonstrates how novels and stories by Charles Brockden Brown Edgar Allan Poe Nathaniel Hawthorne Herman Melville Fanny Fern Harriet Jacobs and James Fenimore Cooper attempt to understand a public organized not only by explicitly political discourse but by informal and disorganized social networks

Getting the books **Democracys Literature Politics And Fiction In America** now is not type of challenging means. You could not isolated going with book heap or library or borrowing from your links to admission them. This is an unconditionally easy means to specifically get lead by on-line.
