La Démocratie face à Wall Street Pablo Iglesias, 2015-09-30 Podemos le mouvement espagnol des Indignés est devenu la troisième force politique nationale en moins de deux ans Mais face au parti de Wall Street son leader Pablo Iglesias préfère la stratégie subtile du jeu d'échecs la violence d'un combat de boxe perdu d'avance Sa généralisation celle des trentenaires est en état d'urgence Elle possède la fraîcheur et l'enthousiasme qu'ont perdus les partis politiques traditionnels Dès l'œuvre dans les mairies de Madrid et Barcelone elle appelle une refondation démocratique de l'Europe et de la zone euro Ce livre interpelle les jeunes Européens souvent en marge de la politique conventionnelle mais qui veulent une régulation pacifique la crise et non le chaos La généralisation des Indignés ne veut plus se tromper d'ennemi et rève par-delà le choc grec d'une nouvelle Europe légitime et démocratique Pablo Iglesias Turrión 37 ans est professeur de science politique à l'université de Madrid et secrétaire général du mouvement Podemos issu en 2011 des protestations des Indignés de la Puerta del Sol Madrid Traduit de l'espagnol par Amandine Py **Wall Street's Assault on Democracy** Georges Ugeux, 2023-11-22 On November 24 2020 in the midst of a

global pandemic the Dow Jones Index surpassed 30 000 points for the first time ever This historic moment exposed the incredible disconnect between financial markets and society The stock market's one hundred percent rebound was triggered by a massive injection of capital by the US Federal Reserve and by fiscal stimulus measures that reached 16 trillion globally in only a year It was the taxpayer who came to the aid of the shareholders This imbalance between low and high income individuals has become unbearable and calls into question the mechanisms that allow such an abuse of financial power to exist This abuse has allowed populism to flourish in a world where humanism should prevail This book invites the reader to

understand how such a financial drift of capitalism was even possible and proposes reforms to correct the system Written by the former Group Executive Vice President for International Research at the New York Stock Exchange this volume provides concrete solutions for democratizing financial markets and reintroducing the morals and ethics that these markets and its leaders are so sorely lacking Ugeux argues that the purpose of such reforms is to reduce the inequalities which are plaguing our democracies Citizens are losing hope that equity exists in the system and it has become clear as fundamental liberties like right voting rights are being threatened that the problem lies much deeper Ugeux insists that a change of perspective and a redefinition of societal goals is essential social and solidarity capitalism is possible only if our leaders listen to the expectations of their citizens While it is supported by research and facts this book includes elements of opinion essays with an educational objective It aims to educate readers who want to better understand these complex issues without having to be specialists

From Cairo to Wall Street Anya Schiffrin, Eamon Kircher-Allen, 2015-06-02 The first essential text of a new and remarkably dynamic era of social activism that has already brought profound change to the world Bob Herbert
Something was in the air in 2011 as protest movements swept through the world from the Arab Spring to Spain's Indignados to the Occupy Wall Street movement that spread from Zuccotti Park in downtown Manhattan across the United States in the wake of the global financial collapse This volume collects firsthand accounts and essays about this extraordinary period providing not only an overview of recent historical events and personal insights about what motivates people to take a stand but also food for thought on how these events marked a turning point that shaped our current world

When Wall Street Met Main Street Julia C. Ott, 2011-06-01 The financial crisis of 2008 made Americans keenly aware of the impact Wall Street has on the economic well being of the nation and its citizenry Ott shows how the government corporations and financial institutions transformed stock investment from an elite to a mass practice at the beginning of the twentieth century

Democracy At Risk Jeffrey R. Gates, 2000-05-18 From the leading voice in the shared capitalism movement comes a manifesto for spreading wealth and creating a truly democratic society
