Rewriting Wrongs Angela Kimyongür, Amy Wigelsworth, 2014-10-02 *Rewriting Wrongs French Crime Fiction and the Palimpsest* furthers scholarly research into French crime fiction and within that broad context examines the nature functions and specificity of the palimpsest Originally a palaeographic phenomenon the palimpsest has evolved into a figurative notion used to define any cultural artefact which has been reused but still bears traces of its earlier form In her 2007 study *The Palimpsest* Sarah Dillon refers to the persistent fascination with palimpsests in the popular imagination embodying as they do the mystery of the secret the miracle of resurrection and the thrill of detective discovery In the context of crime fiction the palimpsest is a particularly fertile metaphor Because the practice of rewriting is so central to popular fiction as a whole crime fiction is replete with hypertextual transformations The palimpsest also has tremendous extra diegetic resonance in

that crime fiction frequently involves the rewriting of criminal or historical events and scandals This collection of essays therefore exemplifies and interrogates the various manifestations and implications of the palimpsest in French crime fiction
