Crusading and Pilgrimage in the Norman World Kathryn Hurlock, Paul Oldfield (Lecturer in medieval history), 2015 An examination into two of the most important activities undertaken by the Normans **The Normans** Judith A. Green, 2022-01-01 A bold new history of the rise and expansion of the Norman Dynasty across Europe from Byzantium to England In the eleventh century the climate was improving population was growing and people were on the move The Norman dynasty ranged across Europe led by men who achieved lasting fame such as William the Conqueror and Robert Guiscard These figures cultivated an image of unstoppable Norman success and their victories make for a great story But how much of it is true In this insightful history Judith Green challenges old certainties and explores the reality of Norman life across the continent There were many soldiers of fortune but their successes were down to timing good luck and ruthless leadership Green shows the Normans profound impact from drastic change in England to laying the foundations for unification in Sicily to their contribution to the First Crusade Going beyond the familiar she looks at personal dynastic relationships and the important part women played in what at first sight seems a resolutely masculine world *The Haskins Society Journal* 32: 2020. *Studies in Medieval History* Laura L. Gathagan, Charles C. Rozier, William North, 2021-12-17 Essays illuminate a wide range of topics from the Middle Ages from the seals of an empress to priests wives and the undead This volume of the Haskins Society Journal demonstrates the Society's continued engagement with historical and interdisciplinary research from the early to the central Middle Ages on a broad range of topics including militarism piety the miraculous and the monstrous Chapters explore material culture through a mythic eleventh century papal banner and the seals and coins of the Empress Matilda offer new insights into Carolingian hagiography and into the undead in the *Historia rerum Anglicarum* Further chapters feature new evidence on the role of priests wives the tensions of multiple lordships shifting identities in the Irish Sea world and the didactic use of royal anger A fresh examination of Aelred of Rievaulx's *Relatio de Standardo* and a re assessment of Flemish documentary practice continue the Haskins Society's commitment to primary source analysis Two essays on the thirteenth century including links between Crusade spirituality and lay penitential strategies and an investigation into the economic costs of waging war round out the volume Contributors DAN ARMSTRONG DAVID S BACHRACH DANIEL M BACHRACH JILLIAN M BJERKE HANNAH BOSTON MARIAH COOPER FIONA J GRIFFITHS JESSE M HARRINGTON JEAN FRAN OIS NIEUS ALICE RIO CHARITY URBANSKI PATRICK WADDEN MEGHAN WOOLLEY LU ZUO *Documenting the Past in Medieval Puglia (1130-1266)* Paul Oldfield, 2023 A study exploring the production of historical memory in the region of Puglia after it was subsumed by the new Kingdom of Sicily in 1130 assessing the significance of the apparent disappearance of traditional forms of Pugliese historical writing and analyzing the existence of other historical discourses embedded in surviving local documentation *The Haskins Society Journal* 31 Laura L. Gathagan, William North, Charles C. Rozier, 2020-12-18 New insights into interpretive problems in the history of England and

Europe between the eighth and thirteenth centuries The articles in this volume of the Haskins Society Journal take the reader from early England to the thirteenth century from Europe to the Holy Land Chapters explore issues of Anglo Saxon social status and settlement and peasant agency in the France of King Louis IX while through a careful re examination of documentary and narrative evidence further articles offer new insights into succession crises in England and the Principality of Antioch with special attention to the role of women in the assumption of political power and its narration The record and moral horizons of both First and Fourth Crusaders also receive close attention and finally a survey of the construction of the Norman past in the French Chronique de Normandie rounds out the collection

A Short History of the Normans Leonie V. Hicks, 2016-04-25 The Battle of Hastings in 1066 is the one date forever seared on the British national psyche It enabled the Norman Conquest that marked the end of Anglo Saxon England But there was much more to the Normans than the invading army Duke William shipped over from Normandy to the shores of Sussex How a band of marauding warriors established some of the most powerful dominions in Europe in Sicily and France as well as England is an improbably romantic idea In exploring Norman culture in all its regions Leonie V Hicks is able to place the Normans in the full context of early medieval society Her wide ranging comparative perspective enables the Norman story to be told in full so that the societies of Rollo William Robert Guiscard and Roger are given the focused attention they deserve From Hastings to the martial exploits of Bohemond and Tancred on the First Crusade from castles and keeps to Romanesque cathedrals and from the founding of the Kingdom of Sicily 1130 to cross cultural encounters with Byzantines and Muslims this is a fresh and lively survey of one of the most popular topics in European history
