Cherries A Vietnam War Novel:

Cherries - A Vietnam War Novel John Podlaski, 2010-04-20 In 1970 John Kowalski is one of many young naive teenage soldiers sent to Vietnam to fight in an unpopular war Dubbed Cherries by their more seasoned peers these newbies suddenly found themselves thrust into the middle of a terrible nightmare literally forced to become men overnight On the job training is intense however most of these teenagers were hardly ready to absorb the harsh mental emotional and physical stress of war When coming under enemy fire for the first time and witnessing death first hand a life changing transition begins one that can't be reversed The author is an excellent story teller readers testify that they are right there with the characters joining them in their quest for survival sharing the fear awe drama and sorrow witnessing bravery and sometimes even laughing at their humor It's a story that is hard to put down When soldiers return home from war all are different changed for life Cherries tells it like it is and when finished readers will better understand what these young men have to endure and why change is imminent **Cherries**, 1981 *Cherries - A Vietnam War Novel - Revised Edition* John Podlaski, 2010-04-20 When a soldier leaves for war those left behind often wonder what their loved ones are experiencing Letters home are always cheerful and vague no sense in worrying the family Then upon returning home these young soldiers do not want to talk about their experiences Family and friends allege they are now distant changed and not the same person they remember from several months earlier What causes this Although the backdrop for this novel is the Vietnam War Cherries exist in every war They are the young Newbie soldiers who are trained for war However most are not ready to absorb the harsh physical mental and emotional stress of war Once they come under fire and witness death firsthand a life changing transition begins This eye opening account offers readers an in depth look into the everyday struggles of these young infantry soldiers You'll feel their fear awe drama and sorrow witness the bravery and sometimes laugh at their humor No two war experiences are the same but after finishing Cherries A Vietnam War Novel readers will have a much better understanding as to why these changes occur and why our military heroes are different upon their return home Veterans will relate *The Vietnam War in Popular Culture* Ron Milam, 2016-11-07 Covering many aspects of the Vietnam War that have not been addressed before this book supplies new perspectives from academics as well as Vietnam veterans that explore how this key conflict of the 20th century has influenced everyday life and popular culture during the war as well as for the past 50 years How did the experience of the Vietnam War change the United States not just in the 1950s through the 1970s but through to today What role do popular music and movies play in how we think of the Vietnam War How similar are the recent wars in Iraq and Afghanistan and now Syria to the Vietnam War in terms of duration cost success and failure rates and veteran issues This two volume set addresses these questions and many more examining how the Vietnam War has been represented in media music and film and how American popular culture changed because of the war Accessibly written and appropriate for students and general readers this work documents how the war that occurred on the other side of the globe in the jungles of Vietnam impacted

everyday life in the United States and influenced various entertainment modes. It not only covers the impact of the counterculture revolution, popular music about Vietnam recorded while the war was being fought, and after, and films made immediately following the end of the war in the 1970s, but also draws connections to more modern events and popular culture expressions such as films made in the aftermath of September 11, 2001. Attention is paid to the impact of social movements like the environmental movement and the civil rights movement and their relationships to the Vietnam War. The set will also highlight how the experiences and events of the Vietnam War are still impacting current generations through television shows such as *Mad Men*.

Vietnam War Slang Tom Dalzell, 2014-07-25 In 2014 the US marks the 50th anniversary of the Gulf of Tonkin Resolution, the basis for the Johnson administration's escalation of American military involvement in Southeast Asia and war against North Vietnam. *Vietnam War Slang* outlines the context behind the slang used by members of the United States Armed Forces during the Vietnam War. Troops facing and inflicting death display a high degree of linguistic creativity. Vietnam was the last American war fought by an army with conscripts and their involuntary participation in the war added a dimension to the language. War has always been an incubator for slang; it is brutal and brutality demands a vocabulary to describe what we don't encounter in peacetime civilian life. Furthermore, such language serves to create an intense bond between comrades in the armed forces, helping them to support the heavy burdens of war. The troops in Vietnam faced the usual demands of war as well as several that were unique to Vietnam: a murky political basis for the war, widespread corruption in the ruling government, untraditional guerilla warfare, an unpredictable civilian population in Vietnam, and a growing lack of popular support for the war back in the US. For all these reasons, the language of those who fought in Vietnam was a vivid reflection of life in wartime. *Vietnam War Slang* lays out the definitive record of the lexicon of Americans who fought in the Vietnam War. Assuming no prior knowledge, it presents around 2000 headwords, with each entry divided into sections giving parts of speech, definitions, glosses, the country of origin, dates of earliest known citations, and citations. It will be an essential resource for Vietnam veterans and their families, students, and readers of history, and anyone interested in the principles underpinning the development of slang.

Enduring Vietnam James Wright, 2024-07-02 This powerful and heartbreaking history of the Vietnam War looks not only at the conflict but the generation caught up in its horrors and consequences. Booklist: The Vietnam War is largely recalled as a mistake, either in the decision to engage there or in the nature of the engagement. Or both. Veterans of the war remain largely anonymous figures, accomplices in the mistake. Critically recounting the steps that led to the war, this book does not excuse the mistakes but it brings those who served out of the shadows. *Enduring Vietnam* recounts the experiences of the young Americans who fought in Vietnam and of families who grieved those who did not return. The book describes the baby boomers growing up in the 1950s, why they went into the military, what they thought of the war, what it was like to serve in Nam, and to come home. With a rich narrative of the Battle for Hamburger Hill and through substantial interviews with those who served, the book depicts the cruelty of this war and its

quiet acts of courage James Wright's *Enduring Vietnam* provides an important dimension to the profile of an American generation and a rich account of an American War *Understanding War* Christian P. Potholm, 2016-08-03 The third book in Professor Christian Potholm's war trilogy which includes *Winning at War* and *War Wisdom* *Understanding War* provides a most workable bibliography dealing with the vast literature on war and warfare As such it provides insights into over 3000 works on this overwhelmingly extensive material *Understanding War* is thus the most comprehensive annotated bibliography available today Moreover by dividing war material into eighteen overarching themes of analysis and fifty seminal topics and focusing on these *Understanding War* enables the reader to access and understand the broadest possible array of materials across both time and space beginning with the earliest forms of warfare and concluding with the contemporary situation Stimulating and thought provoking this volume is essential for an understanding of the breadth and depth of the vast scholarship dealing with war and warfare through human history and across cultures **Beyond Duty** Walter S. Zapotocznny Jr., 2017-06-29 *Forgotten Soldiers: What Happened to Jacob Walden* Warren Martin, 2012-04-21 This revised edition of *The Cold War Story* follows Air Force Captain Jacob Walden who was shot down over Vietnam in 1970 and never returned home Forty years later journalist Ted Pratt embarks on a mission to uncover Jacob's mysterious disappearance Through his investigation Ted meets Charlie Smith a secretive and experienced operative who may have knowledge of the disappearance As Ted pieces together the clues to uncover the truth the mystery deepens and the stakes become higher Will Ted be able to unravel the truth behind Jacob's disappearance Get your copy now to find out **Lethal Circuit** Lars Guignard, 2015-12-09 For Lee Child Robert Ludlum and Clive Cussler Fans Being a backpacker is easy It's the bullets that are hard Michael Chase didn't fly halfway around the world to lie on the beach and sip Mai Tais He went to China to find his father But when Michael finds himself caught between dueling spy agencies every belief he holds dear is questioned every notion is examined and every relationship is tested Michael didn't plan it this way The events he finds himself part of were set in motion long before he was born Generations ago the invention of a radical new technology almost helped the Nazis win WWII Now seventy years later the technology that would have resulted in Hitler's victory is close to being unearthed in the Chinese hinterland If it is everything that we know will be transformed forever One secretive group will stop at nothing to keep that from happening Since their first meetings in the days of the Samurai they've kept their radical agenda hidden But as Michael discovers nothing stays hidden forever Michael's friends are few His foes are many And his chances of success are slim If he's going to survive he'll have to throw away everything he thinks he knows and start anew Because there's more at stake than just his father now And everyone of us is at risk MICHAEL CHASE CIRCUIT SERIES IN ORDER *Lethal Circuit* Book One in the bestselling Michael Chase Circuit Series *Blown Circuit* Book Two in the Michael Chase Circuit Series *Quantum Circuit* Book Three is soon to be released If you would like to be notified prior to its release you can add your name to the email list here eepurl.com/JGiSf
