Cherry Docs Scirocco Drama:

Anglophone Jewish Literature Axel Stähler, 2007-09-14 Anglophone Jewish literature is not traditionally numbered among the new literatures in English. Rather, Jewish literary production in English has conventionally been classified as hyphenated and has therefore not yet been subjected as such to the scrutiny of scholars of literary or cultural history. The collection of essays addresses this lack and initiates the scholarly exploration of transnational and transcultural Anglophone Jewish literature as one of the New English Literatures. Without attempting to impose what would seem to be a misguided conceptual unity on the many faceted field of Anglophone Jewish literature, the book is based on a plurality of theoretical frameworks. Alert to the productive friction between these discourses which it aims to elicit, it confronts Jewish literary studies with postcolonial studies, cultural studies and other contemporary theoretical frameworks. Featuring contributions from among the best known scholars in the fields of British and American Jewish literature, including Bryan Cheyette and Emily Miller Budick, this collection transcends borders of both nations and academic disciplines and takes into account cultural and historical affinities and differences of the Anglophone diaspora which have contributed to the formation and development of the English language segment of Jewish literature.

Cherry Docs David Gow, 1998. Finalist for the Chalmers Play Award. A neo-Nazi skinhead is charged with murder and Legal Aid has assigned him a Jewish lawyer. Over the course of developing a defense for the skinhead, the lawyer is forced to examine the limits of his own liberalism and the demons underlying it. An unblinking examination of hatred, the explosive effect it has on our society and the hurdles that confront us as we set about eradicating it.

American Theatre, 2006 *University of Toronto Quarterly* University of Toronto, 1895 **Canadian Book Review Annual**, 1998 **Quill & Quire**, 1998 *Relative Good* David Gow, 2012. In *Relative Good*, David Gow grapples with the complex implications of the War on Terror and the resulting sweeping changes to law that allow authorities to violate basic civil rights. Mohamed El Rafi is a Syrian-born Canadian engineer. He is arrested in New York's JFK airport, held without explanation, interrogated and eventually forced to sign papers that facilitate his deportation to Syria. As Canadian government involvement only worsens El Rafi's predicament, his lawyer and wife team up in an attempt to gain his freedom in a world where, as one character says, "Sometimes the price of freedom is freedom itself." This incisive drama lays bare the absurdity of official policy and the human cost of racial profiling.
