Cheng Man Ching And Tai Chi Echoes In The Hall Of Happiness:

Cheng Man-ch'ing and T'ai Chi: Echoes in the Hall of Happiness Michael DeMarco, 2015-08-16 Cheng Man ch ing 1902 1975 also romanized as Zheng Mangqing certainly played a lead role in popularizing tai chi ch uan throughout the world and greatly influencing the way the art is perceived and practiced This fact alone should drive all those interested in tai chi to study the man s history and thought There is a huge body of writings and video representations of Cheng s tai chi theory and practice Unfortunately much of the available content actually obscures Cheng s message The result is that Cheng and his role in tai chi evolution are often not fully understood and faulty conclusions are made A further result is that many feel either enlightened with what they believe to be true or they become even more perplexed in who Cheng was as a human and what his tai chi truly embodied The chapters in this anthology contain rare information about Professor Cheng not available elsewhere except in their originally published formats in the Journal of Asian Martial Arts Most of the articles in the journal were written in an academic style limiting their acceptance from the general public which is typically interested in the more accessible popular writing styles Of course the content here deals not only with the complexities of tai chi theory and practice but does so in a thick weave of historical and cultural threads We are republishing the journal articles in book format so all with a sincere interest in tai chi history theory and practice can benefit from the content particularly those interested in the Cheng Man ch ing tradition Each author is uniquely qualified for producing some of the highest quality writings in this specialized area

The Best Fight: A Memoir of a Martial Art Practitioner, Publisher, and Author

Michael DeMarco, 2023-10-10 A needle may draw a thread through printed pages to bind a book In this little memoir I feel like a needle that drew a common thread though a segment of martial art history This book details three interrelated activities 1 martial art studies 2 involvement as founder of Via Media Publishing producing a quarterly journal and books and 3 teaching martial arts Publishers writers researchers and serious martial art practitioners will benefit with the detailed overview of Via Media and its publications Via Media produced the Journal of Asian Martial Arts known for its high academic and aesthetic standards Its contents reflect the history of two decades and provides rich information for practitioners and scholars making *The Best Fight* a valuable reference work In addition to reading the primary way to learn a martial art is through instruction In reading about my studies and teaching experience readers can relate to their own involvement in martial arts What is important here is the portrayal of my instructors their teaching methods and reasons for being involved in martial arts Their accounts should offer insights and inspiration for others who study and practice any martial art

how Cheng stood on Tai Chi It tells how a young writer reacted to this strange Chinese man when he appeared in New York City in the mid 1960s and stayed there for a decade before returning to Taiwan to die in 1975 In a nickel town where neurosis is a cardinal virtue the Tai Chi center established by Cheng soon became an oasis of learning In my visits there I was invariably approached by a quiet fellow with a ready smile and loads of questions His form and sensing hands improved but he never lost his kindly ways This led me once to tell the three seniors that the one person in the club who best exemplified Tai Chi was this junior That man who has since become a teacher of the art is the author of this book Robert W Smith from the Preface **Pure-bred Dogs, American Kennel Gazette** ,1972-12 **Publishers' International ISBN Directory** ,1989 **Gateway to the Miraculous** Wolfe Lowenthal,1994-06-15 This book is a sequel to Wolfe Lowenthal's first book *There Are No Secrets* Like the previous book it is about his teacher the great Cheng Man ch ing the art of Tai Chi Chuan and his experience as a student and teacher **There are No Secrets** Wolfe Lowenthal,1991 Cheng Man-ching's Advanced Tai-chi Form Instructions ,1986
