Scheckel, 2005-05-01 An energy auditor s guide to using less saving more and choosing appliances and systems that will
make your home healthier and more efficient Many homeowners are beginning to examine the energy efficiency of their own
homes asking questions about where energy comes from and how much it costs how to choose new appliances and what
options exist for renewable energy The Home Energy Diet answers all these questions and more while helping readers take
control of their personal energy use and costs so they can save money live more comfortably and help the environment
Energy auditor Paul Scheckel first explores energy literacy and then describes how your home uses and loses energy you pay
for via electricity hot water heating air conditioning windows walls and insulation Energy efficiency is an investment that
offers returns greater than Wall Street and readers can potentially earn several hundred dollars every year just by following
the advice in this book As a bonus many of these strategies habits and upgrades can make for improved indoor air quality and
healthier more comfortable homes A valuable resource with a humorous and down to earth style Jim Gunshinan managing
